Paul, president. Dr. Levering Tyson, assistant to the president of New York University and a 1910 graduate of Gettysburg College, will be the speaker.

Other events for the weekend include: Alumni Seminar at 9 p.m. Friday in the Student Union Building, Dr. Waldemar Zagars, associate professor of economics at the college, will moderate a panel on "Current Trends in Economic Thought." The panel members include: Lavern H. Brennehan '36, chairman, executive vice president, York-Shipley, Inc.; Donald K. Weiser, '24, manager, Aetna Casualty and Surety Company; W. Emerson Gentzler, '25, president, Empire City Savings Bank, N. Y.; R. Milton Wachob, '27, vice president in charge of operations, Bell Telephone Company of Pennsylvania.

### Reunion Dinners

From 10:30 p.m. to midnight an open house will be held in the Student Union. An alumni council meeting will be held at 9:30 o'clock Saturday morning in the SU. At 11:45 a.m. the class parade will form at the north side of Old Dorm. An alumni collation will be held at 12:30 p.m. in the dining hall, and from 3:30 to midnight an open house will again be held. At 5:30 p.m. class reunion dinners will be served and at 6 p.m. a non-reunion dinner will be held in the college dining hall.

Dr. Basil Crapster will speak at the alumni seminar at 7 p.m. Following this the college choir will present a concert in Christ Chapel at 8:15 p.m.

## BAND AND TWO CHORUSES TO GIVE CONCERT

The Bermudian Springs High School band, under the direction of Gary L. Crum, and the junior and senior high school choruses, under the direction of Adelaide Forrest, will present a May Day Music Festival Thursday at 8 p.m. in the York Springs elementary auditorium.

The senior band selections will include: "The Burst of Flame March," "Deep Purple," "Skyline Overture," "The Waltzing Cat" and "The Thunder March." A special attraction with the band will be a saxophone solo, "Beautiful Colorado," by Miss Judy Ecker.

### To Play Piano Solo

Senior chorus numbers will include selections from the "Music Man," "Down in the Valley," and "I Hear America Singing." The Junior Chorus will do "Mexican Clap Hands Dance," "Fiddlin' Fun," "Some Day My Prince Will Come" and "Whistle While You Work." The choral portion of the program will also include several small ensemble selections.

Gerald Mummert, student director of the band, will play a piano solo, "The Warsaw Concerto."

An offering will be taken for the benefit of the band and glee funds.

## Lodgemen To Pay Respects To Wolff

Members of the Gettysburg Lodge of Elks will meet at the lodge home Thursday evening at 7 o'clock to go to the Peters Funeral Home to view the body of Dewey E. Wolff, who died Tuesday morning.

The members of the Moose Lodge have been requested either to meet at the lodge home at 7 o'clock or to go directly to the funeral home.

Private services will be held Friday morning at 10 o'clock at the funeral home with interment in Evergreen Cemetery.

## SNOW REMOVAL COST \$133,672

The winter weather cost the State Highways Department \$133,672 in Adams County, Superintendent Clyde Garber said today. The cost covers not only the expense of plowing the 33.8 inches of snow from the highways but includes the erection of snow fences, purchase and distribution of antiskid material and all other snow-connected costs.

Reports from Harrisburg show that in the state the snow removal bill has topped \$17,500,000 and not all of the equipment rental bills are in.

Twenty inches of the winter's snows came in March. January had none and February about 10 inches. The figures given are for Gettysburg with mountainous sections of the county often getting heavier falls than the county seat.

## SOME APPLES ARE HURT BY COLD NIGHTS

Adams County orchardists who showed off their blossoming acres to thousands over the weekend were wondering today how many of the blooms will produce fruit after the frosts that have been appearing almost daily this week. The consensus today was that while damage may exceed "normal spring losses" the loss is "not serious." Some low spots in some apple orchards have some frozen blossoms but if there is more extensive damage "it is too early for it to appear," orchardists said today.

At the Arendtsville Fruit Research laboratory, the low reading in this cold snap came on Monday morning when the minimum was 31 degrees. At Gettysburg the low was 34 but unofficial reports of several degrees below freezing were reported from some rural sections.

Staffmen at the laboratory said some apples in low sections of some orchards appear to have suffered from the low temperatures but they have found no evidence of major losses. They said reports from Franklin County where temperatures dropped as low as 22 degrees are more serious.

The county farm agent's office and operators of a number of the large orchards in the county agreed today that Adams County has escaped any major damage so far in spite of the heavy frosts and the below-freezing nights.

## UPPER ADAMS LIONS LIST NEW OFFICERS

Election of officers was held at a meeting of the Upper Adams County Lions Club held Tuesday evening in the Biglerville Elementary School.

They are Rev. Nevin R. Frantz, president; Roy R. Starnier, immediate past president; Walter Frederick, first vice president; Cecil R. Snyder, second vice president; Donald B. Shetter, third vice president; Donald Bossmer, secretary-treasurer; M. Francis Coulson and J. Ralph Stoner, talk twisters; Arthur M. Gordon, Lion master; C. Russell Gilbert and G. Edwin Motter, directors for one year; J. P. Hollabaugh and Marvin Fox, directors for two years.

The guests included these members of the Arendtsville Borough Council who were introduced by their president, Paul Burgoon: Delroy Keller, Glenn Bream, Ira Cuthall, Fred Baltzley, John Stover and Arthur Deardorff. Herbert Weikert and Howard Kitzmiller, Gettysburg, were also present. (Continued On Page 3)

## Reds Warned To Stop Their Attacks On West Germany

By ARTHUR GAVSHON  
ISTANBUL, Turkey (AP)—The North Atlantic Alliance today warned the Soviet Union to stop its attacks on West Germany and other individual members of their alliance.

Otherwise, said the 15 NATO powers, there can be no peaceful coexistence between them and the Communist world.

A final communique from the meeting of the North Atlantic Council of Foreign Ministers said the Soviet Union's propaganda efforts to discredit West Germany and other NATO allies threaten the alliance as a whole and are inconsistent with a real improvement of international relations.

Speaking only 12 days before the East-West summit meeting in Paris, the 15-nation alliance said it "cannot be satisfied with 'peaceful coexistence' under cover of which attacks continue to be made on individual members."

## ELKS LAUDED BY MINISTER FOR YOUTH DAY

"I would commend the Elks Lodge for this annual emphasis and recognition being given to our young people and congratulate the new officers of your Student Council who have been elected to serve you for the coming year. This is both an honor and responsibility," said Rev. Robert A. MacAskill, pastor of the Presbyterian Church, in an address at the annual Elks Youth Day activities program in the Gettysburg High School Tuesday afternoon.

Outgoing officers and members of the two student councils were honored.

The Gettysburg High School Senior choir sang three selections. Miss Janet Johnson, president of the senior high council, led devotions.

Burgess Wilbur Plank installed the new student council officers and James G. Warren, exalted ruler of the local Elks lodge, presented the outgoing council members with gifts.

Council Officers  
Officers of the senior council are: Ronald Frew, president; Sanford Hyson, vice president; Gudrun Rice, secretary; Barclay Collins, treasurer.

Officers of the junior council are: Gary Hartman, president; Demaree Deardorff, vice president; Nancy Kuhn, secretary; Kay Newman, treasurer.

Continuing his talk the Rev. MacAskill said: "One of the vital things confronting high school young people is the awareness that you are building a life. In this consideration it is important to"

## TWO COVERED BRIDGES SEEN BY HISTORIANS

Members of the Adams County Historical Society visited two old covered bridges in the county Tuesday evening on their annual May tour and talked over plans for preservation of one of them by the society after the span is turned over to it by the state.

It is the picturesque 190-foot, two-span "Peepytown" bridge over the Conewago Creek on the Hamilton-Reading Twp. line that the society hopes to be able to preserve for posterity. The historians hope, too, that the state will acquire a few acres of land about the bridge for development of a park and picnic area.

The "Peepytown" bridge, with its two 95-foot spans high above the Conewago, a 14-foot roadway, and windows in its sides offering scenic views up and down the wide, tree-lined creek, will be put in good repair by the state before it is turned over to the county society, Dean W. E. Tilberg, a member of the society's covered bridge committee, said Tuesday evening on the tour. He estimated upkeep at about \$100 per year.

Beecherstown First  
He also said the county commissioners have expressed a will.

### CHANGE MEETING PLACE

The meeting of the Adams County Fire Chiefs Association originally scheduled to be held at the community hall in Bendersville Thursday evening at 8 o'clock will be held instead at the Bendersville Elementary School the same evening at the same hour, President Francis I. Linn announced today. The change was made because of plans for a Mothers and Daughters dinner in the community building Thursday night.

## Reds Warned To Stop Their Attacks On West Germany

The council, which had been meeting in Istanbul since Monday, said it welcomes the Big Four summit parley and hopes the negotiations will lead to an improvement of international relations.

But maintenance of the unity and strength of the alliance is a condition of progress toward this end, the communique added.

Turning to specific issues to be discussed at the summit, the council:

Reaffirmed that a final German settlement can only be found in reunification (of West and East Germany) on the basis of self-determination, and

Recalled the NATO declaration of December 1958 spelling out the Allied determination to protect the freedom of the people of West Berlin. That declaration was issued a month after Soviet Premier Nikita Khrushchev's first demand that Allied troops quit West Berlin within six months.

## SAYS GRANDMA WOULD BE LOST IN GROCERIES

"The only thing great grandmother would recognize on the grocery store shelves today would be the baking chocolate," Miss Catherine Love, consumer education specialist from Pennsylvania State University, told 110 women gathered Tuesday at St. Paul's Lutheran Church, Littlestown, for the annual Adams County Homemakers' Day.

Speaking on "New Trends in Food Buying," the Penn State grocery buying habits have been revolutionized within the last few years and "the trend is toward more and more new products to tempt the appetite and make life easier for the housewife."

Manufacturers are competing to put out old foods in new packages and new forms and to prepare new foods by new processes, she said. Cakes, pies and "just about everything else" are now available in "ready mixed form"; frozen foods make it possible for whole meals to be prepared simply by lighting an oven.

Frozen French Toast  
"And here is a sample of what is coming: Frozen french toast that is made by simply popping it into the electric toaster."

She also noted that the use of prepared foods "is more expensive. They save the homemaker time, but somebody else has to be paid for the time needed to mix the batter and do the work that the housewife used to do."

District Attorney Daniel E. Teeter was the speaker following the dinner session. Using as his title "Laws As They Apply to Women," he described growth of the emancipation of women as shown by the laws adopted to give them equality with men. He also urged "all women" to make wills, holding that "90 per cent" of the women hold property at the time of death.

Following Attorney Teeter's talk a question period was conducted.

Mrs. Richard Galusha, Bendersville, presented a demonstration

## OPENINGS FOR HELPERS IN R. C. SWIM PROGRAM

With more than 400 youngsters already enrolled for the Red Cross summer water safety program, the Red Cross chapter appealed today for volunteers to serve as assistant instructors during the six-week swimming class period. The classes will begin June 20 and will continue for six weeks, divided into three two-week periods. Classes will be held from 9 a.m. to 1 p.m. five days a week. The Red Cross water safety program, which is under the general supervision of Miss Helen Louise Strieby, water safety chairman, is expected to make use of the Battlefield Pool and the Crouse Pool at Littlestown.

June 15 has been set as the deadline for registration for the classes. In addition to volunteers to serve as assistants to the instructors, there are several openings for certified Red Cross swimming instructors during the six-week period, Mrs. Peggy Hill, executive secretary of the Red Cross, said this morning.

Persons interested in serving in either capacity should get in touch with the Red Cross office.

## BULLETINS

STROUDSBURG, Pa. (AP)—Two gunmen today held up a branch of the Stroudsburg Security Bank and Trust Company and got away with an estimated \$45,000.

The two men strode into the bank, about eight miles west of here, shortly before noon, locked up two of the staff, gathered up the loot, all in cash, and escaped in a 1953 Chrysler sedan.

SEOL, South Korea (AP)—A South Korean navy frigate today repelled a North Korean torpedo boat attack which the Navy claimed was designed to cover an attempt to land Red agents.

The navy said the encounter was over in less than five minutes and the three attack craft fled in dense fog when the 1,200-ton frigate returned fire. The frigate (Continued On Page 3)

## COUNTY TAKES LEREW'S BID ON NEW AUTO

The bid of Lerew's, Inc., of East Berlin to provide a Ford station wagon to the county institution district for \$1,997 was accepted by the Adams County commissioners at their meeting this morning in the court house.

Six firms submitted bids to furnish the station wagon for use at the county home. Into each bid was figured the "trade-in" value of the auto used at the county home since 1949.

Other bids were: Staub Chevrolet, \$2,081.45; Warren Chevrolet, \$2,183; Spriggs Ford, \$2,297.21; Adams County Motors, Ford, \$2,061.49; Hunt Ave. Rambler, \$2,060.

### Accept Resignation

The resignation of Luther D. Snyder, Littlestown, as a member of the Adams County Child Welfare Services Advisory Board was accepted with regret. No replacement was named.

The commissioners received word from William D. Gladden, superintendent of the Pennsylvania Junior Republic at Grove City, that beginning immediately the cost to the county per day for youths at the school will increase from \$4.67 to \$5.17.

### Meet Tax Collectors

The accompanying letter said "the inflationary spiral" caused the increase plus the need to build two new wings to the school to accommodate increasing numbers and the necessity to make a number of changes in the cottages under requirements of the Department of Labor and Industry. A number of tax collectors are scheduled to appear before the commissioners this afternoon for exonerations. They include Doyle Robert, Mrs. Helen Kuhn, John Reves Jr., Anna Bair and Harry Kane. Early this afternoon the commissioners went to the office of Gettysburg Tax Collector J. Herbert Weikert to go over his list of exonerations.

### SCOUTERS TO MEET

The Black Walnut Boy Scout District committee will meet this evening at 8 o'clock at the engine house, E. Middle St. Plans for a safety campaign this month and summer activities will be outlined.

### IN CRITICAL CONDITION

C. W. Epley, proprietor of Epley's garage, Chambersburg St., is reported in a critical condition in the Temple University Hospital, Philadelphia.

### FILES FOR DIVORCE

Floesie L. Lippy, York, has filed suit for divorce in York County with Carroll A. Lippy, Abbotstown.

## OFFICERS OF SUBLEAGUE ARE ELECTED

Mrs. Norman Richardson was elected president of the Gettysburg subleague of the Woman's League of Gettysburg College at a meeting Tuesday afternoon in the Student Union Building. She succeeds Mrs. John S. Rice.

Other officers elected are: Recording secretary, Mrs. Stanley Hull; treasurer, Mrs. C. E. Schildknecht; historian, Mrs. Edwin D. Freed; vice presidents, Christ Lutheran Church, Mrs. Willard S. Paul and Mrs. George D. Thrush; Presbyterian Church, Mrs. Daniel Skelly; United Church of Christ, Mrs. Clark Smith; Episcopal Church, Mrs. James B. Myers, and Methodist Church, Mrs. Carl Dunn.

The nominating committee included: Mrs. Glenn Weiland, chairman, Mrs. Franklin R. Biglham and Mrs. William G. Weaver.

Mrs. Austin Fellenbaum, assistant professor of education at Elizabethtown College, spoke on "Great Women of the Bible." She discussed these women not as a clergyman might discuss them but as if they were neighbors.

"Beauty Of Sarah"  
She pointed out the beauty of Sarah and her cross in not being able to bear a child to Abraham until late in life. She then discussed the rivalry between Isaac and Ishmel which ended in the banishment of Ishmel. Isaac later grew to manhood and sought a

### BURY MRS. LEISTER

Funeral services for Mrs. Esta Alveta (Kontz) Leister, 65, widow of Oscar Raymond Leister, formerly of Union Mills, who died on Sunday at Bange's Convalescent Home, Spring Grove R. 3, were conducted this afternoon at 2 o'clock from Little's Funeral Home, Littlestown. The Rev. Arthur Bowser, pastor of the Missionary Bible Church, Hanover, officiated. Interment was in St. Mary's Cemetery, Silver Run. Serving as pallbearers were William Leister, Guy Leister, Earl Angell, Raymond Angell, Clarence Warner and Paul Study.

### TREATED AT HOSPITAL

Lora Null, 8, daughter of Mr. and Mrs. Carroll Null, Taneytown, was treated at the Warner Hospital on Tuesday for a deep laceration of her left leg received in a fall from a bicycle. Mrs. Raymond Hockensmith, R. 5, an employee at the Gettysburg Shoe Factory, received treatment Tuesday for a laceration of the right index finger sustained while using an eyelet machine.

### BOARD TO MEET

The May meeting of the directors of the Adams County Society for Crippled Children and Adults will be held next Wednesday afternoon at 4:15 o'clock at the Methodist Church, according to notices issued by Miss Ellen Miller, secretary.

### WALLET STOLEN

James Feather, Fairview Ave., reported to borough police Tuesday night that while he was playing basketball at the local high school between 8 and 9 o'clock his wallet containing \$9 and cards was stolen.

### PHILADELPHIA (AP)—A boy

only a few hours old died Tuesday despite the kindness of a passing motorist and all the efforts of specialists at a children's hospital.

The infant was born in St. Luke's Hospital, Bethlehem with a hole in its diaphragm, the thin tissue separating lungs and abdomen. He could hardly breathe.

His life hinged on a difficult operation and the nearest place equipped for it was St. Christopher's Hospital for Children in Philadelphia, 75 miles away.

## FFA Student In Speaking Contest

Frederick Tilberg, a student at Gettysburg High School and son of Dr. and Mrs. Frederick Tilberg, E. Broadway, was the third-place winner Tuesday at a regional Future Farmers of America public speaking contest held at Juniata Joint High School, Mifflintown.

Tilberg, one of 11 youths representing 13 counties in the contest, had as his subject "Careers In Agriculture." He will be an alternate to the first and second place winners of the regional event in the state FFA public speaking contest.

## GIRL SCOUTS TO TAKE PART IN 2 PARADES

Plans for participation in the Memorial Day and July 7th parades here were outlined Tuesday evening at a meeting of the Adams County Scout Council in the Girl Scout office, First National Bank building.

Mrs. M. Hardy Nichols reported the Girl Scouts, both intermediates and seniors, have been invited to take part in the Memorial Day parade in Gettysburg. Those participating are to meet at 1:30 p.m. May 30 at the Meade School and bring with them flowers to strew on the graves.

The Girl Scout Council will enter a float in the July 7th Battle Anniversary parade here. Named as the chairman for the float committee were the outgoing president of the council, Mrs. Ross Schwartz, and the incoming president, Mrs. Jennings B. Collins.

### Raise \$3,228

Mrs. Clark Smith, finance drive chairman, reported \$3,228.88 had been raised so far in the campaign for \$4,051.90 throughout the county. The amount to be raised in the county is in addition to the sum given for Girl Scouting in Gettysburg last fall by Community Chest.

Mrs. John Hauser, Biglerville, will attend the outdoor training sessions at Camp Edith Macy, the national Girl Scout camp in New York state, this summer, it was announced. Also approved were plans for Mrs. Harry Baker to attend a leaders training course at the national camp this summer.

Mrs. Nichols, as registrar, reported 118 girls and 46 adults were registered in March and 61 girls and 10 adults were registered in April.

### Meet Next In September

Named to the budget committee were Mrs. Clark Smith, Mrs. David Pitzer, Mrs. Collins and Mrs. Helen Corbett.

Mrs. Luther Ritter announced that the Littlestown Neighborhood will hold a Brownie Fly-up ceremony May 5 and a court of awards May 9.

Improvements to Camp Happy Valley were discussed.

The next meeting of the council will be held in September.

## PUBLIC JOINS "ALERT" TEST ON TUESDAY

Adams County's participation in "Operation Alert-1960" the nationwide test of Civil Defense Tuesday afternoon, was praised by county CD Director William G. Weaver.

More than 200 men throughout the county participated. Reports showed good compliance by the public in connection with the "take cover alert" sounded at 2:15 o'clock which brought traffic to a halt and sent pedestrians into shelter.

Hampton reported some problems, with fire police not permitted to take the streets for the test, Weaver said, but otherwise there were auxiliary police, fire police, state police and borough officers on duty at 200 spots through the county.

### Duties Are Light

The officers found their duties light. When the first "alert" was sounded at 2 o'clock most pedestrians took cover and motorists rushed to their destinations. When the sirens sounded for the "take cover" signal at 2:15 o'clock most traffic stopped by the time the officers gave the signal.

WGEC was praised for its Civil Defense participation. Immediately after the public participation 30 members of the CD headquarters staff met at the engine house to solve a problem posed by the state CD simulating an actual emergency.

### Bomb Attack

The problem supposed that a two megaton bomb struck at Olmsted Air Force Base at 5:25 o'clock Tuesday evening. Numerous other bombs were reported falling elsewhere in the state. The radiological unit of the county CD was given a formula for figuring out the amount of fallout that would occur in Adams County under conditions imposed by the test.

A major part of the test was the supposition that 15,000 uninjured but homeless people were assigned to Adams County out of 2,000,000 theoretically made homeless by the bombing. According to the test they were assigned for "long term care."

Much of the work of caring for the "homeless" fell upon the welfare unit of the CD, headed by Mrs. Pearl Wiser, and the Red Cross, represented at the test by Mrs. John Eisenhower.

### Assign Refugees

Alertness on the part of borough police at 3 o'clock this morning led to recovery of a stolen auto and two 17-year-old youths' being turned over to Baltimore police as the car thieves.

Borough Officer Daniel P. Miller was on patrol when he saw a car stopped at the intersection of Springs Ave. and W. Confederate Ave. He halted the police car "just to check" and found the two young men in it could not produce drivers' licenses

# BIBLE STUDY, 2 LECTURES OPEN "WEEK"

A Bible study and two lectures marked the opening of the 35th annual Seminary Week observance at the Lutheran Seminary today.

Dr. Raymond T. Stamm led the Bible study period which is scheduled to begin each day of the three-day seminary week observance. Dr. Stamm served for 30 years as a member of the New Testament faculty of the seminary.

Dr. Cyril C. Richardson, of the faculty of Union Theological Seminary, New York, delivered the Swope Lecture on Liturgics, speaking on the "Origins of the Lord's Supper."

Rev. Dr. Edmund A. Steimle, professor of practical theology at the Lutheran Seminary, Philadelphia, since 1952, delivered the Zimmerman lecture, "Word and Deed."

## To Present Play

This afternoon's program include an address, "New Dimensions of the Race Problem," by the Rev. Dr. Donovan E. Smucker, assistant professor of religion and chaplain at Lake Forest College, scheduled for 3 o'clock. Dr. Steimle will speak at 7 p.m. on "Doctrine in Action."

At 8:15 p.m. the play "Job," based on the Biblical book, will be presented under the auspices of the Women of the Seminary in the Church of the Abiding Presence.

Activities for Thursday include the opening matinee service, a Bible study by Dr. Stamm, and a concert by the seminary choir under the direction of Robert E. Clippinger at 10 a.m.

Dr. Steimle again will speak at 11 a.m. on "The Problem of Motivation." Dr. Smucker will speak at 3 p.m. on "Class and Caste in the American Church."

Thursday's activities will be climaxed with an address by Bishop Hanns Lilje, of Hannover, Germany, who will speak at 7 p.m. in the chapel. Bishop Lilje is serving as a guest professor at Union Seminary.

# AAUW GROUP HEARS TALK ABOUT INDIA

Mrs. P. S. Akolekar, a member of the Gettysburg College faculty, addressed the International Relations study group of the Gettysburg AAUW Tuesday evening at the home of Mrs. Carl C. Ray on "Kerala, Hot Spot of India."

Mrs. Akolekar explained how a state in the world's largest democracy fell legally into the hands of a communist government, as in the case of Kerala in 1953. Kerala, while enjoying the highest literacy rate in all of India, has also the densest population. Poverty and unemployment are tremendous problems there, she said.

The Indian leaders, after years of fighting the British for independence, felt entitled to reap some rewards for the labors by dipping into the public till to pay for the lavish home and limousines, thereby losing contact with the masses, which Gandhi never did, she said.

In 1953 Communist party candidates were elected in Kerala. They were advocating land reform, that is, confiscation of the large, absentee-landlord-owned plantations and their redistribution. After being in power for four years the Communist government tried to put through a law which, in effect, would give them control over the many private, often church-owned, primary and secondary schools. Even though they had first checked on the constitutionality of the bill, it aroused such a storm of opposition that riots and passive resistance ensued. Finally, the Communist leaders were removed and a coalition government appointed, which is in power today, she reported.

## James MARLOW Reports

The Associated Press

WASHINGTON (AP) — This is the year when voters get more confused than usual. Tuesday's little set-to between President Eisenhower and the Democratic-run Congress was just the beginning.

In this presidential and congressional election year each party will claim the other did the wrong things or not enough of the right ones. It's a rare voter who will know enough of the details to be sure who's right.

Tuesday Eisenhower did a double job with a special message to Congress urging action on a variety of programs he had plugged for earlier.

### "Campaign Document"

He was legitimately trying to build a fire under Congress. But his message will also serve as a campaign document for Republicans to use against the Democrats later in the campaign.

"They can say: 'See, these are the things Eisenhower stood for but the Democrats wouldn't listen. Don't blame Eisenhower; blame the Democrats.'"

Eisenhower had validity in complaining this Congress wasn't doing enough.

So far this year Congress has passed only one major piece of legislation: the civil rights bill.

By the end of the first week in May in the past presidential election year—1956—Congress, run by Democrats then as well as now, had passed at least eight important legislative items.

### Civil Rights Delay

In each of the past three years, by the first week in May, Congress had pushed through at least three or four major measures.

About the only excuse the Democrats have this year for the slow performance is the delay caused by passage of the civil rights bill which involved, among other things, weeks of a Southern filibuster.

By this time in 1957—a year in which Congress also passed a civil rights bill—it had enacted three major pieces of legislation. There's a gimmick explaining the difference:

In 1957 Congress didn't put through the civil rights bill until toward the end of its session; this year it worked on civil rights first.

### Ike Egged Democrats

Although Eisenhower egged the Democrats on to pass his various proposals, the Democrats don't agree with all of them and, in the end, will probably pass—of those they do pass—their own versions. There is so much hair-splitting on these differences, so many details, so much political jockeying, that few people besides the politicians could possibly know who's wrong, who's right.

# Propose \$1.2 Billion For Lower-Income Aged M.D. Care

WASHINGTON (AP) — The Eisenhower administration today proposed a \$1,200,000,000 annual federal-state medical care program for the lower-income aged. Participants would pay \$24 a year for coverage.

Married couples with an annual income above \$3,800 would not be eligible for the program, or single persons with more than \$2,500 income.

Secretary of Welfare Arthur S. Flemming outlined the administration plan to the House Ways and Means Committee which is considering a variety of proposals for health programs for the aged.

"We have developed a program that is designed to achieve just one objective—namely, to provide approximately 12 million persons 65 and over who have limited resources with the opportunity of taking steps which, if taken, will enable them to cope with the heavy economic burden of long-term or other expensive illnesses," he told the committee.

### States To Participate

The plan contemplates that the states would out detailed programs. A state could, for instance, provide for the health care through a private insurance company, or could run its own program.

The over-all costs would be split 50-50 between the federal government and the states.

Flemming expressed belief it would take perhaps two years to get the proposed program into full operation.

He said the cost during the fiscal year beginning July 1 to make ready for the program would be about five million dollars. That would include funds for grants to states to help them develop the plans they would administer.

The secretary estimated the 1961-62 cost would run in the neighborhood of 400 million dollars, half each federal and state, but said there are many factors which could influence the actual cost in that year.

# SENATOR RAPS DRUG PROBES AS HARMFUL

By G. MILTON KELLY

WASHINGTON (AP) — A doctor contends that the Senate drug hearings will cause irreparable harm to some diabetes patients and that Sen. Estes Kefauver (D-Tenn) is to blame.

Kefauver, chairman of the Senate Antitrust and Monopoly subcommittee, said he would comment during the hearing on the letter sent him by Dr. James M. Moss, director of the Georgetown University Hospital Diabetic Clinic.

Moss criticized what he called headline hunting in the inquiry, contending it is frightening patients away from their doctors and causing them to stop using all medication. They may become invalids as a result, he added.

He sent a copy of the letter to Sen. Everett M. Dirksen (R-Ill.), who promptly had it published in the Congressional Record.

Dirksen, the Senate Republican leader and a subcommittee member, has protested vigorously that the hearings should be limited to monopoly charges. Instead, he says, witnesses have been allowed to testify about the safety and efficacy of drugs, among them the new antidiabetic drug Diabinese.

This is a medicine which, unlike insulin, is taken by mouth. Insulin is injected.

Moss' letter accused Dr. Henry Dolger, a diabetes specialist at Mount Sinai Hospital in New York City, of having given some "careless testimony" in the hearings picturing Diabinese a dangerous drug.

Moss said some diabetes patients for whom Diabinese had been prescribed at the clinic were so frightened by the testimony that "some of them have lost confidence in all physicians and will seek no treatment until they become seriously ill" for lack of the medication.

"By that time," he said, "they will have developed irreversible change in their physical condition which may make some of them invalids."

## Say Junk Business Is Big Thing In N.J.

NEWARK, N. J. (AP) — Even with taxes, a rags-to-riches story can still come true—if you've got enough rags.

And bones and hanks of hair also bring in the greenbacks.

Rag dealers in the state do an estimated 10-million-dollar a-year business selling cast off shirts, sheets and the like that have been cut into wiping rag size.

An official of the New York-New Jersey chapter of the National Assn. of Wiping Cloth Manufacturers estimates that more than 30,000 tons of rags are processed in New Jersey each year.

Two million pounds of bones are collected every week, mostly for use in agricultural or industrial projects.

And hair finds use in mattresses, wigs, paint brushes, violins and even in pads to protect guided missile nose cones in shipment.

## COUNTIANS TO VISIT MENTAL INSTITUTION

The Adams County Mental Health Association has joined with the nationwide program in observance of National Mental Health Week this week, Rev. Dr. Paul L. Reaser, president of the county organization, announced today. Two special projects of interest to the public are sponsored by the local group. On Thursday there will be a visitation to the State Mental Hospital at Harrisburg. In the evening a public meeting will be held in the Eisenhower Elementary School.

The visitation to the Harrisburg State Hospital will coincide with similar visitations made by other groups throughout the country to mental institutions, in observance of Mental Health Week. This visitation project known as "Operation Friendship" is sponsored by the National Association for Mental Health and its 800 affiliates. Its purpose is to "prove to 750,000 patients now in mental hospitals that their relatives, friends and neighbors have not forgotten them."

**Goal Is Increased**  
"Last year," Dr. Reaser said "the national goal was 750,000 visitors—a visitor for every patient, but the actual turnout went way over the goal and so the national headquarters decided to lift the goal and put it into the millions."

The National Association for Mental Health reported recently that each year about 1,240,000 persons received treatment in public, federal and private mental hospitals or in the psychiatric wards of general hospitals. On any one day of the year about three-fourths of a million persons are under the psychiatric care of these hospitals. There are as many people in hospitals with mental illnesses, at any one time, as all other diseases combined, including cancer, heart disease, tuberculosis and every other killing and crippling disease.

The hopeful note in this report is that in spite of the increase in the number of patients during 1959 the actual resident hospital population decreased about one per cent. The average is even better in the state of Pennsylvania. Since 1955 the number of patients in our seventeen state hospitals has continued to decrease. It has dropped from a high of about 41,000 down to slightly more than 38,000 where it now stands. Even though the number of patients admitted is increasing, the number of those successfully treated is increasing more rapidly.

**Higher Utilization**  
Dr. John E. Davis, commissioner of Mental Health in Pennsylvania, recently said, "We are getting a higher utilization of the present facilities because we are able to get more patients well enough to go home."

Those interested in making the visitation on Thursday will leave from the St. James Lutheran Church parking lot at 8:30 a.m. Persons who may wish to make reservations for the visit may call Mrs. Donald White, telephone ED 4-2841, secretary of the local association.

## Nurses' Dinner To Be Held On May 15

Governor David L. Lawrence has proclaimed May 8 to 14 as Pennsylvania Nurses' Week to pay tribute to this honored profession. The Adams-Franklin-Fulton District Nurses will hold a banquet May 15 at 6:30 p.m. at Graeffenburgh Inn. All registered nurses in the district are invited to attend. A program has been arranged by Mrs. Frances Eckenrode, chairman, and her committee consisting of Mrs. Reba Dashnaw and Mrs. Pamela Thomas, Chambersburg; Mrs. Dorothy Martin and Mrs. Charlotte Tate, of Gettysburg.

## UPPER ADAMS

(Continued From Page 1)

**Talks On YWCA**  
Mrs. Kenneth Lawver, Biglerville, spoke to the club on the work on the YWCA. She spoke specifically of the Adams County Association and the work it is doing for the young people and adults. She said the YWCA is financed by membership dues, gifts and contributions and the Community Chest.

The evening's program was arranged by the Education Committee which includes Ralph Eckenrode, Cyrus Bucher, Robert Strine, and Roy Martin. The program was presented in the form of a symposium entitled "Little Known Facts About Certain Occupations."

**Three Speakers**  
The first speaker was Glenn Musselman, a Lion member from Cashtown and owner and operator of Musselman's Greenhouse. He spoke on the flower industry. Mr. Musselman indicated that \$49 million was spent in Pennsylvania last year for flowers and plants. Three and one-half million of that amount was spent for roses which was the largest item. Mr. Musselman demonstrated two types of floral arrangements which would be suitable for men.

The second speaker was John Baugher, a nurseryman, who spoke on the art of grafting. Mr. Baugher explained the three principal methods of grafting and budding of fruit trees, top grafting, root grafting, and the regular bark budding of trees.

The third speaker was Martin L. Sanni, a butcher, who discussed meats and meat cuts. Mr. Sanni listed portions of an animal which must be discarded before any eatable meat can be sold, and then discussed the different portions of the carcass and type of cuts which can be taken from it. He displayed two steaks that appeared to be identical, although the one had been carefully trimmed, the other was not, which illustrated how the consumer may feel he is getting a bargain when purchasing lower priced meat when the portions that need to be trimmed away can cause the cheaper cuts to be more expensive in the end.

**Annual Dinner Coming**  
President Roy Starner announced several projects that the club is sponsoring including the following: A one-week vacation for a local blind child at Beacon Lodge; tuition for a local high school student to attend business college next year and donation of a load of stone for the improvement of the road into Camp Tuckahoe.

The next meeting will be held on Tuesday evening, May 17. Arrangements for this meeting are being developed by the boys and girls work committee with Arthur M. Gordon as chairman. This meeting will be the annual Varsity Club dinner when the members of the high school Varsity Club and the "B" Club will be guests of the Lions Club and will be honored and recognized for their accomplishments in their school activities. Grant Hurst, a teacher in the McCaskey High School, Lancaster, will be the speaker. Mr. Hurst is a teacher, coach, lecturer and humorist.

## REV. KROEGER TO HEAD LIONS AT FAIRFIELD

Rev. Otto Kroeger, pastor of the Fairfield Lutheran Church, was elected president of the Fairfield Lions Club at its meeting Tuesday evening in the Lutheran parish house at Fairfield.

He will succeed Glenn Shriner as head of the club in June. Other officers elected were Allen Weikert, first vice president; Guy Donaldson, third vice president; William Newman, secretary; Doyle Robert, treasurer; Oliver Spence, Lion Tamer; Bucher, tail twister, and Stuart Sites and B. E. Benner, directors.

**Barbecue On May 30**  
Plans were outlined for a public chicken barbecue to be held by the Lions May 30 from 4 to 8 p.m. at the Fairfield fire hall. Tickets are available from all members of the club and at Newman's Superette.

Committees for the barbecue as listed by President Shriner were: Advertising, Clarence Wilson and William Schultz; dining room, Oliver Spence, Mervin Weikert, Harry Kane, Stuart Sites, Howard Diehl and Kenneth Sanders; food, William Newman, Robert Reindollar, Glenn Shriner, Guy Donaldson and Doyle Robert; tickets, William Newman.

Preliminary plans were discussed for an auction with this committee to complete arrangements: Edward Cashmore, Kenneth Sanders, Allen Weikert, E. B. Ross and B. E. Benner. Richard Straup and Edward committee for Tuesday evening presented a film on the Cub Scout and Boy Scout programs.

## ELKS LAUDED

(Continued From Page 1)

first of all have a purpose and secondly to have a plan.

"Purpose—Every young person should and must know that there are three essential aspects of one's life: physical, mental and spiritual. Man's highest purpose is to glorify God, our Creator, and enjoy Him forever. The high school curriculum would incorporate in its teaching all that goes for the making and developing of the well rounded individual. When young people understand the purpose of education they then look upon it not as something to be dreaded and endured but a high privilege and opportunity to prepare one for life's advantages and responsibilities. By keeping a noble purpose and objective ever before you then call forth the highest and best qualities and demands a dedication and discipline to achieve the objective and to fulfill the purpose.

"One such individual, a contemporary college athlete, John Thomas of Boston University, has demonstrated a persistence and determination to achieve a goal that he set for himself and that was to establish a world record in the high jump. Last year he suffered a severe injury to his left foot and it seemed that his athletic career was ended. But he persisted and patiently trained and conditioned himself. Just last Saturday at the Penn Relays he established a new world outdoor high jump record of 7'1 1/2". This is a practical demonstration of what an individual can do when he sets a goal and is determined to see it accomplished.

"This, then, is a very important quality for any young person in the building of a life—a noble purpose.

"Plan—Anything that is worthwhile in life must have a plan. When an architect designs a building he must be very particular and exacting in the plans. When workmen do the actual building they must do it according to plans and specifications. It is said that when the Empire State building was erected it was necessary to excavate 100 feet in the ground to support the structure looming more than 1,100 feet in the air. The same thing is true in the building of a life and the developing of character. There must be a deep faith, high sense of purpose and a good solid foundation of study habits, moral principles, attitudes and personal development. A college professor said to his class of boys: 'What you are at 20 you will be at 40 only more so.'

The ailment is minor and occurs with most young horses. It was estimated Beau Purple would be out of training two or three weeks.

## Princess Expected To Get \$2 Millions Worth Of Gifts

**By EDDY GILMORE**

**LONDON (AP)—**More than a million dollars worth of fabulous wedding presents for Princess Margaret piled up today at St. James's Palace.

By the time she marries Antony Armstrong-Jones Friday, the value of gifts may be close to two million dollars, a court source said.

"Some of the gifts are so rare and unusual," he explained, "that it's impossible to put a price on them."

He referred to such presents as a 17th century pearl necklace from India that has been sent by Portugal's Count of Nova Goa. A once belonged to the family of Dom Joao de Castro, a viceroy of India in 1560.

**Receive 900 Gifts**  
By early afternoon, more than 900 presents had arrived at the ancient palace which stands next door to Clarence House, Princess Margaret's London home.

## COLLEGIANS WILL PRESENT SHOW COMEDY

"Pygmalion," comedy by George Bernard Shaw, will be produced by the Owl and Nightingale players of Gettysburg College May 12 at 8:30 o'clock in the Student Union auditorium. Dr. Richard A. Arms will direct the performance, which marks the forty-fifth anniversary of the founding of the Owl and Nightingale dramatic society.

"Pygmalion" is the original version of the musical hit "My Fair Lady," still enjoying a long Broadway run. The heroine, Eliza Doolittle, is a young Cockney girl transformed by a clever and scheming professor into a sophisticated acceptable in the highest of societies. A love triangle complicates the plot.

**New Stage Equipment**  
Miss Halo Wines, senior from Washington, D. C., will make her final campus dramatic appearance. She has been hailed for earlier performances in "Mary of Scotland," "Anastasia," "Glass Menagerie" and "Witness for the Prosecution."

New stage equipment will be used for the first time. Complimentary tickets and reservations may be obtained by writing Dr. Arms at the college. They will be held at the door or mailed if a stamped, self-addressed envelope is provided.

Cast in other major roles are Donald Capece, Scarsdale, N. Y., as Prof. Henry Higgins; David L. McClure, Whitehouse Station, N. J., as Freddie Eynsford-Hill, and Patrick Henry, New City, N. Y., as Col. Pickering.

Completing the cast are Polly Crew, Springfield; Lynda Leonard, New Hyde Park, N. Y.; Linda Weaver, Tower City, N. Y.; Norma Henry, Hialeah, Fla.; Linda Lack, Mount Holly, N. J.; Nancy Ottmann, Floral Park, N. Y., and Scott Sturges, Youngstown, N. Y.

**MOSCOW (AP)—**Marshal of Aviation K. A. Vershinin, commander in chief of the Soviet air force, will arrive in Washington May 14 to visit America during U.S. Armed Forces Week. The Soviet press announced today. He is returning the visit Gen. Nathan Twining made to Russia in 1956.

## More Than 4 Million In Penna. "Dead" After Mock Nuclear Attack Tuesday

**HARRISBURG (AP)—**More than four million Pennsylvanians are theoretically dead or injured and another two million homeless in the aftermath of mock enemy nuclear attacks.

State Civil Defense headquarters said fallout from two waves of attacks on a dozen cities and those in nearby states left industrial areas uninhabitable except in shelters.

The attacks by a mythical enemy were in conjunction with a nationwide Civil Defense test. They began during the public phase of the test Tuesday—from 2 to 2:30 p.m.—and lasted until 11:16 p.m.

## Dealt With Emergencies

County and local CD units dealt with emergency problems posed by the attacks. Results will be analyzed at regional meetings in Lehigh Valley today, Selinsgrove Thursday and Kittingham Friday.

An estimated 2,694,000 persons perished in the attacks and 1,413,000 were injured. Another 1,940,000 escaped injury but were made homeless.

Dr. Richard Gerstell, state CD chief, said public participation was generally excellent and in most

## Some Trouble Spots

However, he said there were still a few trouble spots where some people cooperated only halfway. He said the state's two largest cities, Philadelphia and Pittsburgh, had better public cooperation than ever.

Participation in the eastern Pennsylvania counties was reported close to 100 per cent. In the western part of the state Civil Defense officials rated participation from good to excellent.

Gerstell said the test also was a success in most of central Pennsylvania but there were some problems due to a lack of cooperation in Northumberland and Clinton counties.

## WEATHER FORECAST

Extended forecast for Thursday, May 5, through Wednesday, May 11:

Eastern Pennsylvania, eastern New York and Mid Atlantic states—Temperatures will average 5 to 10 degrees above normal. Warming trend through Saturday, turning cooler Sunday or Monday. Scattered showers Friday night or Saturday will average 1/4 to 1/2 inch.

Western Pennsylvania, western New York and West Virginia—Temperatures will average 5 to 10 degrees above normal. Warm through Saturday, turning cooler Sunday, cool Monday. Scattered showers Friday or Saturday will average around 1/2 inch.

wife in Rebekah. Isaac remained faithful to only one woman when under the law he could have had many.

She also spoke of the independence women feel today and compared it to Deborah who was a wife, mother, judge, aid to a commanding officer and a poetess. "Timing is important to women today," Mrs. Feilenbaum said, and told how Esther had gotten her way by waiting for the proper moment to speak while Micah had spoken sharply and hastily at the wrong moment.

She closed with Mary the mother of Christ and pointed out that in her is to be found an example for all mothers and grandmothers. When Mary found she was with child she did not run off to tell what an unusual and wonderful child it was to be, but "pondered these things in her heart."

## Golden Book Members

Mrs. Paul Peterson conducted devotions. Mrs. Robert Fryling, registrar, reported the following additions to the Golden Books: Book of Memory, Mrs. Henry Duerst, presented by her daughter, Mrs. Parker Wagmild; and Book of Honor, Mrs. John Rice, by the Gettysburg subleague as well as to Mrs. Mark K. Eckert, Mrs. Robert Fortenbaugh, Mrs. Florence Salzer Hettler, Mrs. George Larkin, Mrs. F. K. Schwartz, Mrs. Charles H. Smith, Mrs. W. C. Waltemyer, Mrs. Earl E. Ziegler and Mrs. John B. Zinn in recognition of their length of membership, interest and service to the league.

Mrs. Edward Nowicki announced that the first square dance round-up by the Gettysburg Cannonnaders will be presented Saturday, May 28, in the Student Union Building. The subleague is sponsoring the event.

## Present New Members

The following new members were presented: Mrs. Paul Witt, Mrs. Della Hershey, Mrs. LaRue Ridinger, Mrs. Stephen Deutsch, Mrs. John Caldwell, Mrs. Robert Knouse, Mrs. Bruce MacLay, Mrs. Howard Williams and Mrs. Eric Ruckelshaus. The following are sustaining members: Harry Ridinger, Rev. Raymond Sammel, Philip Bickle and Curt Kuhl.

Mrs. Thrush, historian, announced that the Women's League has received a citation from "Who's Who in America" for its assistance to the college. It was also announced that Miss Anna Cairns and Mrs. Mark A. Eckert will serve on the auditing committee.

Miss Nancy Kessler presented two selections, "Trees" and "The Swan," on the violin. She was accompanied by Miss Linda Sterner. Mrs. Edwirth Korte was chairman of the hostess committee for the tea that followed.

**\$250,000 LWD Projects Are Planned Here:** Work projects with a total estimated value running into more than \$250,000 are being considered by borough, township and school districts in Adams county for submission as local works projects, Maurice W. Bushman, director of the LWD office here, announced.

**Apple Blooms Need Warm Weather To Help Fruit Crop:** If Old King Sol fails to deliver a "knockout punch" to Old June Pluvius and restore springtime weather to Adams county within the next few days Adams county's fruit crop will likely receive a stiff jolt, leading fruitgrowers of this area announced today. Cold weather, high winds and chilling rains have combined to balk the fruit belt area of this section of the state from blossoming out into full bloom.

**Governor Earle Signs 75th Anniversary Bill "With Great Pleasure":** Governor George H. Earle affixed his signature to the bill providing for the appointment of a commission of nine and the appropriation of \$15,000 to make plans and preparations for the 75th anniversary of the battle of Gettysburg, in Gettysburg, in 1938.

**Plan Innovations For Memorial Day Program In National Cemetery:** Several innovations for Gettysburg's Memorial day exercises in the National cemetery will be incorporated in the program for May thirtieth, the committee decided at the office of Edgar K. Markley, Esq., secretary, on Monday night. George P. Black, chairman, presided.

The committee decided that after the school children strew their floral tributes over the graves of the known and unknown dead in the cemetery, a firing squad will fire three volleys after which a bugler will sound taps. Another bugler on East Cemetery hill will then sound the echo, with a third trumpet on Culp's hill sounding another echo.

**Forest Fires Extinguished By CCC Crews:** Four forest fires in Dauphin and Cumberland counties, one of which threatened the town of Mt. Holly Springs, kept fire fighters busy over the weekend. Members of the civilian Conservation Corps at Pine Grove Furnace were called Saturday to assist fire fighters in battling fire in the mountains about two miles from Mt. Holly Springs. The fighters battled the fire for more than five hours before it was brought under control.

**Crab Apple Blooms Attract Visitors:** One of the most beautiful pictures in Gettysburg is being found at the Annie M. Warner hospital. A number of Japanese flowering crab apple trees are in full bloom on both sides of the driveway leading from Washington street to the institution. The blossoms are of varied shades of red and pink and each tree is literally flooded with the blooms.

**Bigler Girl Wins First In State Contest:** Miss Martha Enck, daughter of Mr. and Mrs. W. K. Enck, of Biglerville, a senior in the Biglerville high school, won first place in the state alto contest at Oil City Saturday afternoon. The distinct honor accorded the Biglerville girl was achieved after she had won the county contest, the district contest, and then through the elimination in which eight high schools in Pennsylvania were represented.

**Mrs. R. Angelo Meads Catholic Diocesan Group:** Mrs. Robert Angelo, first vice president of the Harrisburg diocesan council, National Council of Catholic Women, was elected president of the organization at the closing session of the twelfth annual convention here Thursday afternoon. Mrs. Frederick R. Rowe, Gettysburg, was re-elected treasurer, serving her second term in that office.

## Today's Talk

**THAT SPIRITUAL ANCHOR**  
It takes experience to appreciate the value of an anchor. I got to thinking about this recently while viewing scores of boats in an anchorage.

I wondered if it might be a good idea to be granted a spiritual anchorage. One that might hold us firm in faith, and during times of spiritual anxiety. Every day of our lives we need a liberal dose of courage. And then someone near to turn on the lights! There is no courage so potent as that which is bred in the soul. Call it God's anchor. It is full of meaning.

I listened to President Wilson giving an important speech many years ago, and I shall never forget one sentence. He said: "The great things in life are those of the spirit." I believe they are!

We need to be the owner of a spiritual anchor. It will keep us safely in port.

Tomorrow Mr. Adams will talk on the subject: "Move"

## Just Folks

**INDIVIDUALITY**  
The fiddler wishes he could sing,  
The writer longs to paint,  
The subject wishes to be king,  
The devil would be saint;  
But wise is he who plods along  
And leaves the singer to his song.

Oh, let the dancer dance, say I;  
One job's enough for me.  
Twere nice to paint a summer sky  
And take the artist's fee,  
Twere nice to do another's work;  
But I've a task I mustn't shirk.

I have no voice with which to sing,  
I'm clumsy with the dance,  
I could not to a canvas bring  
Life's beauty and romance.  
My job, as far as I can see,  
Is just to make a man of me.

So though my task be commonplace  
I'll find what joy I can;  
The tests of life's I'll try to face  
As well befits a man.  
I'll do my best and plod along  
And leave the singer to his song.

There is always the possibility that Bologna will eventually have to emulate the people of Zaragoza, Spain, who were confronted with the same problem nearly 70 years ago.

Zaragoza once possessed a bell tower of exceedingly beautiful design, dating back to the 16th century. It was known throughout the world for its architectural perfection. Soaring almost 300 feet into the air and faced with delicate stone tracery, it stood in a populated part of the city and was surrounded by small shops and homes. But it had begun to decline slowly ever since its completion. By 1847, it had reached a menacing nine-foot lean. The people who lived and worked under its looming threat petitioned the city to have it taken down. But so proud were the Zaragozans of the Torre Nueva and its link with the city's long history, that opposition quickly lapsed. The controversy dragged on for almost 50 years.

In 1893, the decision was reluctantly made for safety's sake, the ancient shaft would have to be demolished. Stone by stone, the Torre Nueva disappeared, until no physical trace of its remained. Today, it exists only in the memories of the people, who still regret that some way could not have been found to preserve it.

The authorities at Pisa are taking more positive steps to arrest the tilt of their famous attraction. They have tried pouring concrete under the foundation, but there is no assurance this will do the trick. The concrete buttress may sink along with the tower. Another plan, still under consideration, is to construct a pillar of concrete up the hollow center shaft, with its base sunk deep in the earth to provide a sturdy shoulder for the aged edifice to do its leaning on.

The people drifted back through the choking dust, many with tears in their eyes, to view the remains of their beloved landmark. One spectator mournfully remarked that it was as if Venice itself had died.

The sorrow soon turned to energetic plans for rebuilding and within ten years the campanile again rose majestically—and perpendicularly—over the city. Venice still has, however, at least two other towers that bend giddily toward the ground, inviting disaster.

The city of Bologna, Italy, has two unbalanced wonders of its own which, while not as famous as St. Mark's tower or Pisa's pride, may succumb to the laws of structural stress and strain. Standing within 20 feet of each other, the Torre Asinelli and the Torre Garisenda are a dizzying sight. Asinelli, 320 feet tall and extremely narrow, leans four feet from the perpendicular. The deviation is not immediately noticeable, though, because Garisenda, right next to it, has an eye-popping ten-foot lean in a height of only 163 feet. Viewed from one particular vantage point, the scene has a lurching nightmarish quality.

Both of these towers have acquired their off-center

## President Asks Public To Back Foreign Aid Bill

By ERNEST B. VACCARO

WASHINGTON (AP)—President Eisenhower counted on public support today to forestall a proposed billion-dollar cut in foreign aid spending which he said would have "calamitous results."

"Let America speak, and this will not be done," he said in a nationally televised appeal Monday night.

He welcomed a "bright development" the Senate's 60-25 passage a few hours earlier of an authorization bill which would cut only \$49,400,000 from the \$4,175,000,000, he proposed.

The big fight will come later, however. The authorization bill merely fixes ceilings for spending. The actual amount of money will be determined later in an appropriation bill.

There were screams from the gathering crowd. The lion began to roar.

Two policewomen, drawn by the commotion, pulled Smith back over the railing and charged him with disorderly conduct.

Carroll C. Hess, E. Baltimore St., has received word from his son-in-law, Dr. Kelsey Miller, who is on a six-week tour delivering lectures at Chicago, Philadelphia and Bethesda relative to experiments he has made for the Public Health Department at Hamilton, Montana. Dr. Miller is the husband of the former Miss Doris Hess.

Sunday there will be a special Mother's Day bulletin issued by the Graceful Workers' SCS Class. Those who wish to include names should contact Mrs. Clyde Hesson, Mrs. George Motter or Mrs. George Fream. The deadline is Thursday morning.

## WOMAN CYCLIST KILLED

HARTSVILLE, S. C. (AP)—A Pennsylvania woman was killed Monday and her husband injured when their motorcycle and a car collided.

The woman was Mrs. Blanche Osborne, 32, of 6 Delaware Ave., Lewistown. Her husband, Gary, 31, was injured slightly.

Police said they were thrown from the motorcycle when it hit the rear of a car as the car turned off U. S. Route 15.

## DETROIT, Mich. (AP)—

A turtle named Disaster broke behind the field, but turned on the power in the stretch to loll across the finish line and win the international Turtle Derby Day race at the University of Detroit.

Some 80 turtles from colleges and universities around the world competed in 10 races.

When the Oklahoma rush for free prairie land took place on April 22, 1889, about 10,000 "Sooners" claimed land between noon and sundown.

## CIVIL RIGHTS MAY NOT BE STRONG ISSUE

By JACK BELL

WASHINGTON (AP)—Vice President Richard M. Nixon has passed the word to Republicans he wants a moderate civil rights plank written into the party's platform.

It would be based largely on the civil rights program President Eisenhower submitted to Congress. Parts of this were included and parts omitted from the bill now awaiting Eisenhower's signature.

Although Nixon is prepared to take advantage of an expected Democratic split, he has told friends he doesn't expect civil rights to be a paramount issue in the fall campaign.

**Backed South, Too**  
This will be particularly true, he is quoted as saying, if the Democrats nominate Sen. John F. Kennedy (D-Mass.)—as Nixon now thinks they are likely to do.

Although Kennedy voted for most of the more stringent amendments that were offered to the civil rights bill Congress passed this year, he sided in 1957 with Southern opponents on a couple of important tests.

He voted against Nixon's position then that the Senate could take up a House-passed bill without sending it to the Judiciary Committee, where it might have been buried. He supported the Southern-sponsored amendment to require jury trials for persons charged with contempt of court under provisions of the act.

## Nixon Has Retreated

In 1957 both Nixon and Kennedy backed a proposal under which the attorney general could have initiated civil rights injunction suits in other than voting rights cases.

Nixon has retreated from that position, largely because of advice from Atty. Gen. William P. Rogers, who omitted it from this year's administration proposals. When Sen. Jacob K. Javits (R-NY) tried to write the injunction provision into this year's bill, Kennedy was away campaigning and was not recorded as voting.

Nixon obviously hopes as the Republican presidential nominee to collect the electoral votes of some Southern states. He thinks he might be able to do this if he holds a moderate position on civil rights.

**ISTANBUL, Turkey (AP)—**The North Atlantic Treaty Organization gave its complete backing today to the proposals which the Western Big Three will submit to Soviet Premier Nikita Khrushchev at the May 16 summit meeting.

NATO foreign ministers swiftly endorsed the joint U.S., British and French views on East-West relations, third and catchall item on the summit agenda.

This followed similar approval Monday of the position of the three Western powers on disarmament and on the issues of Germany and Berlin.

## Navy Edges Bullets 3-2 On Run In Last Inning; Face Scranton Saturday

A bases-loaded single in the bottom of the ninth inning gave the Naval Academy a 3-2 victory over Bob Hulton's Gettysburg College baseball team Tuesday afternoon in Annapolis.

With the count knotted in a typical Middle-Bullet encounter, and Gettysburg retired in its half of the final frame, Navy's lead off batter, Pitcher Gary Carlson, drew a walk. Bob Foyle then laid down a bunt, but a two-base error put runners on second and third. Arkie Vaughn was intentionally walked and captain Dick Brown then lined a 2-1 single through short, driving in Carlson with the winning score.

Navy got off to a 1-0 lead in the first frame on two costly errors and a pair of walks. The home squad added its second tally in the third when Joe Bellino drew a walk, stole second, went to third on a fly ball to center and scored on Dick Tash's fly to right.

**Bullets Knot Score**  
Gettysburg broke the ice in the fourth when Jim Naylor took first after Bellino dropped a third strike. Two more Middle miscues enabled Naylor to score. The Bullets knotted the count in the top of the seventh. George Schlick led off with a single, went to second on Bob Parker's ground ball and finally scored on two more errors.

A total of nine miscues were committed during the game, six by Navy. The Bullets collected only two scattered hits and had men on second and third base three times, but were unable to come through with a clutch hit. Arkie Vaughn belted a pair of safeties to pace the winners.

Dick Hawkins went the distance for the Bullets, walking seven and striking out 10 batters. He is now 3-3 on the season. Winning pitcher, Gary Carlson, also went the route for Navy registering his second win in as many decisions.

The Bullets meet Scranton at Scranton on Saturday.

## BULLETS TOP LAFAYETTE IN LACROSSE 8-7

In one of their finest exhibitions of lacrosse, Coach Daniel Biernie's patched up Gettysburg stickmen came through with a goal in each of the two overtime periods to edge Lafayette 8-7 Tuesday afternoon in Easton. The win marked the second in a row for the Bullets and fourth of the season as compared to four setbacks.

Biernie had to juggle his lineup due to the absence of several starters. The replacements took over and never let up throughout the game. This was particularly evident in the overtime defensive work.

With the count knotted 6-6 at the end of regulation play, the Bullets came out in the first overtime and rammed through a goal on Ken Tolman's shot. Ritter tallied for the home club to once again knot the count. With 25 seconds remaining in the final overtime, spark-plug Dick Hozler rammed through the winning goal assisted by Wayne Yobe.

Steve Cox was also an outstanding factor in the victory as he made two desperate saves from his goal position in the final overtime. The junior goalie racked up 11 saves during the course of the contest.

The Bullet stickmen will travel to Philadelphia on Saturday for an afternoon encounter with a tough Drexel squad.

NEW YORK (AP)—Pone King-etch, the newly crowned world flyweight champion from Thailand, has been named fighter of the month by Ring magazine which also has moved Sonny Liston of Philadelphia into the No. 1 spot among the heavyweight contenders.

Liston's knockout of Roy Harris on the closed circuit TV show from Houston, sent him into the No. 1 position, displacing Zora Foley of Chandler, Ariz.

Ring rates Floyd Patterson of New York, who lost the world title to Ingemar Johansson last June, as the No. 2 contender. Patterson meets Johansson in a June 20 rematch at New York.

MOSCOW (AP)—Marshal M. V. Zakharov, former commander of Soviet troops in East Germany, has replaced Marshal V. D. Sokolovsky as chief of the general staff for the Soviet army and navy.

Sokolovsky, 63, has been reported in ill health.

G-BURG NIPS DICKINSON IN TRACK MEET

Jack Ridinger's Gettysburg College track team recorded its third straight dual meet victory of the season as they edged Dickinson 56 2/3-64 1/3 Tuesday afternoon on Memorial Field. The Bullets are now 3-2 on the season.

One again it was the fast stepping mile relay team which made the difference. The Bullets' four-man combination sped home in 3:30.7 behind the excellent efforts of John Wilkerson, John Munzinger, Dave Clement and Buddy Goodman. Gettysburg was trailing up to this event.

Goodman turned in another fine performance as he topped a pair of first places in the 100 and 220-yard dashes. Howie Maat paced the losers with a first in the mile run and a tie in the two-mile. The Bullets snared nine first places in the 15-event meet.

The Ridinger cindermen will compete in their third triangular meet of the season when they face Lehigh and Muhlenberg at Bethlehem on Saturday.

The results:

### Littlestown

## DADS HOSTS AT ROTARY CLUB DINNER

Twenty sons and daughters were guests of their fathers at the weekly dinner meeting of the Littlestown Rotary Club on Tuesday evening at Schottie's Hotel, when Sons and Daughters Night was observed. Mrs. Clyde W. Crouse, near town, entertained with a puppet show. Vocal selections were sung by Mrs. Robert W. Hall, accompanied by Herbert J. Sell, Clarence J. Krichen Jr., of the fellowship and attendance committee in charge of the evening program, presided. Visiting Rotarians introduced were Walter Pepples, Bel Air; J. Ralph Bonsak and Landon C. Burns, Westminster; Dr. Seymour Dunn, Gettysburg; A. Irvin Hostetter and Armon Hostetter, Hanover.

The International Service committee, composed of Howard A. Stonesifer, chairman, Arthur E. Bair Sr., Lloyd E. Crouse, Thomas C. McSherry, Clarence R. Reck, Luther W. Ritter and Lloyd L. Staveland.

**OK New Constitution**

The new constitution and by-laws were presented and approved at the May meeting of the Ladies' Auxiliary to Alpha Fire Company No. 1 on Monday evening at the engine house. Mrs. Beverly Kebl, president, presided and heard the reports of Mrs. Kathryn Hahn, secretary, and Mrs. Betty Kauffman, treasurer.

Plans were discussed for the annual family picnic to be held on Sunday, June 12, at the home of Mrs. John H. Flickinger, N. Queen St. The group will enjoy lunch at 4 p.m. Each family should take meat, one dish to pass and table service. Ice cream will be furnished. The committee in charge of arrangements includes Mrs. Dorothy Burgoon, Mrs. Manetta Redding, Mrs. Esther Harner and Mrs. Ruth Fuhrman.

A donation was voted to the cancer fund. A report was given on the recent home products demonstration held successfully by the unit. The following were appointed to serve as the hostess committee for the next regular meeting held on Monday, June 6 at 8 p.m., Mrs. Jean Harner, Mrs.

Clara Kebl, Mrs. Arlene Blocher and Mrs. Carmen Slick. The guess package, contributed by Mrs. Kauffman, was won by Mrs. Bernardine Rickrode. During the social hour, refreshments were served to the 22 members and one visitor in attendance, by Mrs. Otis Weaver, Mrs. Louise Myers, Mrs. Ruth Crouse and Mrs. Kathryn Hahn.

The annual banquet of the Frogtown Homemakers will be held on Tuesday, May 28, 6:30 p.m. in Grace Lutheran parish hall, Two Taverns. Reservations to attend must be made with Mrs. Richard Reaver or Mrs. Jay Waybright by May 20.

**Initiate Sixty**

Sixty new members were initiated into Littlestown Aerie No. 2226, Fraternal Order of Eagles, when a class initiation was conducted on Sunday in connection with the District 14 meeting held here. The class was in memory of deceased state officer and past president of the Littlestown Aerie, Bernard M. Selby. Rituals were in charge of the York Degree Team.

Thomas Dugan, Pittsburgh, Pennsylvania state president, and J. S. Kelbaugh, Hagerstown, Maryland state president, were among the officials in attendance and both spoke briefly. Representatives from the aeries of Lancaster, Columbia, York, Hanover, Lebanon, Harrisburg, Carlisle, Gettysburg, Waynesboro and Littlestown made up the large attendance of approximately 400.

**Elected Zone Leader**

Mrs. Ruth Crouse, a past president of the ladies' auxiliary of the local aerie, was elected leader of Zone 9, during the district meeting of the auxiliaries, with representatives from Lancaster, York, Hanover, Lebanon, Harrisburg, Gettysburg, Waynesboro and Littlestown. Helen Bailey, York, zone president, was in charge of the meeting. Mrs. Pauline Harner, president of the Littlestown Auxiliary, opened the meeting.

At the conclusion of the two business sessions, the host and hostess units served a buffet lunch and a dance followed in the social room.

Aerie 2226 will hold election of officers at the meeting on Thursday evening. The polls will be open from 12 o'clock noon to 8 p.m. In connection with the meeting of the auxiliary this evening at 8 o'clock in the social room of the FOE Home, there will be election of officers.

## CINCINNATI BEATS L. A.; PHILLIES WIN

By ED WILKS

The way things were going at Los Angeles, it looks like Vada Pinson blew town just in time. It was Pinson, Cincinnati's fleet, 170-pound center fielder, who sent Roger Craig tumbling in a home plate collision Monday night. Craig, the 190-pound right-hander, who meant a National League pennant for the Dodgers last season, left the game with what then was thought to be only a bruised right shoulder.

But after an examination Tuesday uncovered a broken collarbone that will sideline Craig for two months, it didn't take Pinson long to get the idea he was a marked man. Dodger pitchers kept him dancing and dodging and reliever Stan Williams finally plunked him, as the Reds took a 5-3 decision Tuesday night and then left for San Francisco.

**Phillies Beat Cubs**

The Philadelphia Phillies defeated the Chicago Cubs 10-9 in the other game played in the NL. The only other game scheduled, Milwaukee at San Francisco, was rained out.

The Dodgers finally nicked Pinson (on the right hand) in the seventh inning. He then stole second, went to third on a fly ball and scored the Reds' final run when Williams sent a wild pitch over Frank Robinson's head.

**Phils Come From Behind**

Plate umpire Tony Venzon called a halt at that point and shook a finger at Williams, a right hander with something less than pin-point control. Players from both clubs crowded around the plate, but Venzon later said his rebuke was not an official warning, which would carry an automatic \$50 fine.

The Phils came from behind with six runs in the fifth and then scored the winner in the ninth on Ken Walters' home run, his first. Frank Thomas hit two home runs for the Cubs, who built a 5-0 lead in two innings against Gene Conley, the basketball-playing right-hander making his first 1960 appearance for the Phils. Jack Meyer (1-1) was the winner in relief. Glen Hobbie (2-2) lost it.

### Eastern League

By THE ASSOCIATED PRESS

Call off the pambearers. The Williamsport Grays are breathing again.

The Grays, who dropped their first five games, finally reached the .500 mark Tuesday night and took over third place in the Eastern League by defeating Reading, 11-4.

Danny Cater, with a run-scoring single and a three-run homer, and Charley Fields, who drove in three runs with a pair of singles, led the Grays' 13-hit attack for their fourth straight victory. Al Neiger (1-1) was the winner.

In other EL games, Binghamton defeated league-leading Allentown 7-3 and Springfield beat Lancaster 9-5 to gain a full game on the A-Sox. Springfield now trails by 2 games while Williamsport is 2 1/2 behind.

## GENE CONLEY DEFEATED IN OPENING TILT

CHICAGO (AP) — Big Gene Conley summed up his disappointing first pitching start this way: "I was a thrower out there instead of a pitcher."

The Philadelphia right-hander, who got off to a late start because he was playing basketball for the Boston Celtics, was touched for five runs in a brief two-inning stint against the Chicago Cubs Tuesday but the Phillies rallied to win the game 10-9. The victory snapped a six-game losing streak.

Conley, who was named the National League's Comeback of the Year in 1959 after posting a 12-7 record, gave up a two-run homer to Frank Thomas, doubles to Bob Will, Ernie Banks and Don Zimmer and a single.

**Rookie Cloats Homer**

"It's all a matter of concentration," he explained. "You can't make the kind of pit he I did out there and expect to do a good job. Maybe I learned a good lesson. At least, I won't be making those same mistakes again."

Rookie Ken Walters' solo home run in the ninth inning, his first Major League homer, gave the Phillies a 10-8 lead and proved to be the winning run.

Jack Meyer (1-1), second of three Phillies' pitchers, held the Cubs to three hits — including Thomas' second homer of the game — over a five inning span to gain the victory.

Bobby Del Greco and Wally Post each got two hits and drove in two runs for the Phillies.

## PICK JOHNSON OVER FLOYD

PHILADELPHIA (AP) — Harold Johnson, the No. 1 light heavyweight contender, rules a heavy favorite to defeat unheralded Clarence (Tiger) Floyd tonight in a nationally televised (ABC) scheduled 10-round fight from Convention Hall.

It will be Johnson's first bow since Nov. 12 when he scored a technical knockout over Sonny Ray in Chicago. The 31-year-old Philadelphia native has a 62-8 record and has won his last 11 fights.

Johnson, frustrated in his attempts to get another shot at light heavyweight champion Archie Moore, plans to try to get a title match in the heavyweight division against the winner of the Ingemar Johansson-Floyd Patterson fight in June.

Floyd, an unorthodox boxer, has 10 victories in 17 fights. The New Yorker gained prestige by scoring an upset decision over previously unbeaten and fourth-ranked Von Clay here March 18.

Milwaukee was built on the site of an Indian village named Mahanawakee-Seepe, the "meeting place of great councils."

## Announce Pulitzer Prizes, Letters, Music, Reporting

NEW YORK (AP) — Pulitzer Prizes have been awarded to Allen Drury's best-selling novel "Advise and Consent," the Broadway musical "Fiorello!" and the Los Angeles Times.

A. M. Rosenthal of the New York Times has also been honored with the highest accolade of his profession for the reporting that resulted in his expulsion from Poland last year.

The 1960 prizes were among 13 awards and one citation in the fields of letters, music and journalism announced by the trustees of Columbia University Monday. Awards in newspaper cartooning and art were not made this year.

**Get Cash Awards**  
The Los Angeles Times won the gold medal for meritorious public service for its campaign against narcotics smuggling across the Mexican border. The newspaper was cited for the far-reaching effects produced by a series of the problem written by its reporter Gene Sherman. The Times won the medal in 1942 for a battle to uphold freedom of the press.

Individual journalism awards carry a \$1,000 prize. Prizes for arts and letters are \$500 each.

Jack Nelson of the Atlanta Constitution won the prize for local reporting where edition time was a factor. Nelson, 30, a native of Talladega, Ala., won for a series of articles on mental institutions in Georgia. He joined the Atlanta paper in 1952.

**Honor Woman Reporter**  
In the category of local reporting without deadline pressure the winner was Miriam Ottenberg of the Washington Evening Star for her series exposing a Washington used car racket. Born in Washington in 1914 she joined the Star in 1937.

Vance Trimble of the Scripps-Howard Newspaper Alliance won the national affairs reporting award for a series of stories exposing nepotism in congressional payrolls.

Lenoir Chambers brought the Norfolk Virginian-Pilot its second Pulitzer for editorial writing. The newspaper won its first in 1929. Chambers, 68, a native of Charlotte, N.C., has been editor of the paper since 1950. He was honored for editorials on school segregation.

**Photography Award**  
United Press International's Andrew Lopez won the news photography award for pictures on the Cuban executions.

Historian Margaret Leach won her second Pulitzer prize with her book "In the Days of McKinley."

A special citation in history went to Garrett Mattingly, a Columbia University professor, for his book "The Armada." Mattingly, who will be 60 on Friday, was born in Washington. He joined the Columbia faculty in 1948.

Another two-time winner was Samuel Eliot Morison for his biography "John Paul Jones." For his first book of poems, "Heart's Needle," 34-year-old William Dewitt Snodgrass won the prize for poetry.

The prize in music was given to Elliott Carter, a youthful-looking 51-year-old native New Yorker, for his second string quartet.

**PHOENIX, Ariz. (AP) —** For nine months last year Walter Waller and Carl Day, yardmen at Phoenix Union High School, collected pop bottles discarded by students.

They returned the bottles to the store and collected the two-cent per bottle deposit.

When school opened last fall the campus was bordered with row after row of flowers. Waller and Day had saved the deposit money, purchased seeds and spent the summer planting and growing the flowers.

**WASHINGTON (AP) —** The Pennsylvania Chamber of Commerce Monday night received from the U. S. Chamber a merit award for a well-balanced, effective program.

## Degrees For 2,900 At Penn State U.

UNIVERSITY PARK, Pa. — Commencement exercises at the Pennsylvania State University will be held at 10:30 a.m. Saturday, June 11, in Beaver Stadium, marking the first time the new stadium will be used.

In case of inclement weather, however, three programs will be held at 10:30 a.m., 1:30 p.m., and 3:30 p.m. in Recreation Bldg.

There are nearly 2,900 candidates for degrees, a record number, and the indoor exercises, it is explained, would limit attendance to four guests per graduate.

## URGES RACIAL INTEGRATION TO AID CHURCH

**By THE ASSOCIATED PRESS**  
Southern Presbyterians have come out for racial integration as a means of helping their mission work.

The General Assembly of the Presbyterian Church in the United States adopted a committee report Monday which urged "the opening of the doors of our institutions to qualified students without regard for racial distinctions."

The report was submitted to the Jacksonville, Fla., meeting by the Presbytery of the Potomac. "Our mission work is severely handicapped in Africa and elsewhere by our inability to educate potential native leaders in white Presbyterian U.S. colleges whereas scholarships are provided for them behind the Iron Curtain," the report said.

**Favor Desegregation**  
The Methodist General Conference at Denver, Colo., said it favored desegregation in its institutions but declined to cut off funds to achieve that goal.

A proposal to apply economic pressure to stop segregation at Duke University and other Methodist facilities was defeated. Duke and Emory University, Atlanta, Ga., do not admit Negroes. Ten other Methodist seminaries do.

The actions by the church groups occurred on a day marked by a major fire in a Kentucky Negro college gymnasium and the first organized anti-segregation protest at Augusta, Ga. Fire caused an estimated \$100,000 damage to the gymnasium at Kentucky State College in Frankfort. Investigators said all signs pointed to arson.

A series of fires broke out shortly after two teachers were discharged and 12 students expelled in connection with a boycott of the campus snack bar and cafeteria by students seeking more privileges and better food.

Negroes boarded three city buses and took seats up front in a mass demonstration at Augusta. Eleven were arrested on disorderly conduct charges.

## DAUGHTER OF LANA TURNER SURRENDERS

LOS ANGELES (AP) — "You can't run away forever."

With these words, 16-year-old Cheryl Crane—actress Lana Turner's daughter—ended her latest flight from authority.

She and two other girls escaped Friday from the El Retiro Home, a county-operated girls' school in suburban Sylmar.

Monday, after subsisting three days "mostly on beans," Cheryl called her father and said they wanted to go back to the school.

Steve Crane, Beverly Hills restaurateur, picked them up near a supermarket a mile from the El Retiro Home.

**Ward Of Court**  
He turned Cheryl, Donna Wilson, 16, and Cheryl Zumbum, 15, over to juvenile authorities. They said probation officers will decide if the girls will go back to El Retiro, a minimum security facility, or to some more heavily guarded home.

Cheryl became a ward of the court two years ago after she fatally stabbed John Stompanato, her mother's lover, in Miss Turner's Beverly Hills home.

At 13 she had run away from a girls' school and was found wandering alone on skid row in Los Angeles.

The girls said they spent the weekend at the home of a friend whom they wouldn't identify.

## SAYS NIXON WANTS ROCKY

NEW YORK (AP) — The New York Herald Tribune reported Tuesday that "it can be said on high authority" that Vice President Richard M. Nixon definitely wants Gov. Nelson A. Rockefeller as his running mate.

A Washington dispatch to the newspaper said: "On the assumption that he himself will be nominated for president, Mr. Nixon is prepared to wait until the last minute at the Republican National Convention in July to give the New York governor a chance to make a final judgment on accepting the vice presidential nomination."

The story noted that Rockefeller has said unequivocally that he would not "entertain any thought of accepting nomination to the vice presidency."

Rockefeller took himself out of the running for the presidential nomination last December. The Herald Tribune story said Nixon is convinced that a majority of the Republican party leaders want Rockefeller for the second place on the ticket.

## Submits Low Bid For Cargo Vessel

WASHINGTON (AP) — Sun Shipbuilding and Drydock Co., Chester, Pa., has submitted the apparent low bid for construction of a C3-type cargo vessel for Moore-McCormack Lines Inc., New York City.

Sun offered Monday to build the vessel for \$9,439,615 if the contract provides for increases if the costs rise.

The next lowest bid on this basis was \$9,659,800 by Bath Iron Works, Bath, Me.

The Federal Maritime Board will subsidize the construction, making up the difference between the cost of building the ship in an American yard and the estimated lower cost of building it abroad.

## SON LOST \$6.5 MILLION; DAD RESUMES WORK

**By BOB THOMAS**  
AP Movie-TV Writer

HOLLYWOOD (AP) — "What happened was that my son lost \$6.5 million dollars in four months."

This was Hal Roach Sr. telling why at the age of 68 he is deep in plans to revive his famous fun factory.

"I thought I was all fixed for an income of \$60,000 a year for the rest of my life," said the pioneer comedy producer. "One day I woke up and discovered I wouldn't be assured of that income. It was coming from Hal Roach Productions, which was broke. So I had to go back in business."

**Involved With Guterra**  
The reason for the Roach debacle was a stock manipulator named Alexander Guterra. Hal Roach Jr., who had been guiding the studio fortunes, got the company enmeshed in the Guterra empire, which had swallowed other reputable concerns. When the

Guterra bubble burst, the Roach millions exploded with it.

Friends say there is no bitterness between father and son. Nor does Roach Sr. appear to be brooding over the loss: "I've been broke before," he says. Now he is turning to what he knows best: the business of making people laugh.

"I don't think the public is getting enough good comedy nowadays, either in movies or on TV," he said. "Most of the TV comedy is the kind of thing you get on the stage. It's not the kind of sight comedy that we had to develop before the movies had sound."

**Hour-long TV Shot**  
Roach hopes to supply that kind of comedy. He plans an hour-long TV format that would include all kinds of comedy and 45-minute "streamliners" which would complete a double bill with one of today's extra-length movies.

As proof of the public yen for comedy, Roach cited the continuing TV popularity of his Laurel and Hardy comedies — "and I haven't made one in 25 years."

Roach, still a big, chunky man with a hearty air, outlined some of the comedy situations he had in mind. They sounded hilarious. "Heck, all I have to do is remember."

## TWAIN DRAMA, SHAW PLAY ARE TOPS MONDAY

**By CYNTHIA LOWRY**  
AP TV-Radio Writer

NEW YORK (AP) — Greer Garson and Christopher Plummer brought to joyous life Monday night George Bernard Shaw's 60-year-old comedy, "Captain Brassbound's Conversion."

It filled out one of the best—if crowded—evenings of television viewing this season. Preceding the 90-minute NBC Hall of Fame production, there was another hour and one-half drama on CBS. This was the Playhouse 90 production of "The Shape of River," telling of the final, tragic decade in the

life of Mark Twain.

Franchot Tone, with a putty nose and assortment of wigs, was a convincing Samuel Clemens who as age came on lost his two beloved daughters and adored wife. Although it was a poignant and in some ways slow-moving play, it was sparked with flashes of Twain's irrepressible humor and oblique viewpoint.

**Greer Garson Perfect**  
Shaw's mischievous satire was, by contrast, fragile, witty and brilliant. It concerned the adventures of a beautiful lady of indomitable will and infinite tact as she led a group of bumbling males unwittingly to their salvation.

Greer Garson made a perfect Shaw heroine, and she was assisted by a fine cast. Christopher Plummer played the title role—the smuggler who came into her life a raging lion and left it meek as a lamb.

All in all, it was an excellent and exhausting evening of television.

**Angry With Groucho**  
Gilbert and Sullivan parodies continue to commiserate with each other over what they call the desecration of "The Mikado" last week—and Groucho Marx is on the receiving end of their most furious comment. What the Savoyards complain about most is the fact that Groucho was Groucho—for all of his costume—and that he slowed down and fouled up the usually zippy pace of their beloved comic operetta in the NBC version.

To this viewer, who can take G & S or leave it, the songs were familiar; the humor, pleasant, and the whole thing mildly diverting.

**CARACAS, Venezuela (AP) —** Jose Cachin, one of the two survivors from whom authorities hoped to learn the cause of a Venezuelan airliner crash, died Monday.

The other survivor, a Venezuelan housewife, is still in critical condition and not able to be questioned.

The airliner crashed Thursday near Calabozo, killing 11 of the 13 persons aboard.

## OFFER BILL TO WAGE FIGHT ON JOBLESSNESS

WASHINGTON (AP) — Sen. Joseph S. Clark, (Pa.) and other Democratic members of the Senate Special Committee on Unemployment have offered a bill that would provide standby measures to fight joblessness.

The bill would authorize funds for public works and housing construction. The money would be made automatically available in the event of a recession without further congressional action.

**Followed Study**  
The bill evolved from one of the recommendations contained in a report made by the special committee after a six-month study of unemployment around the nation.

Of the authorized funds, one billion dollars would be held on a standby basis for expediting federal public works, another billion for loans for state and local public works, another billion for loans for state and local public works, and a third billion for purchases by the Federal National Mortgage Assn. of FHA-insured and VA-guaranteed mortgages on lower priced homes.

**Studied History**  
The provision of the bill would be triggered when the national unemployment rate, seasonally adjusted, rose for six consecutive months and reached a point above 5 per cent. When unemployment again dropped below 5 per cent, the president could terminate the programs.

Clark said the formula was derived from an analysis of three post World War II recessions.

Had such an act been on the books, he said, its provisions would have taken effect on each of those occasions at about the point where it became clear beyond doubt that a recession was underway.

The airline crashed Thursday near Calabozo, killing 11 of the 13 persons aboard.

# More Than 400 Books And Magazines Sent To India To Establish New Library

Next week 400 books and 198 National Geographic magazines will be sent from Aspers to help establish a new library in India.

The book and magazines were gathered by Mrs. Richard Wayburn, Aspers R. 1, who learned of the desire of a young junior high school teacher to start a library in his home village, Kollappilly, India.

She contacted the teacher, T. M. Sebastian, at St. Sebastian's English High School at Kadanad, and also wrote his headmaster, Fr. Joseph Koovallor. From them she learned of the need for reading material in the village, and of the type books that are wanted.

Fr. Koovallor wrote: "As there are not so many people proficient in English books of simple reading, in general, would be more welcome. As far as geographical magazines, I have seen some of them and I profoundly appreciate its usefulness. The learned treatise would be useful to the few educated of the village."

Named "Wayburn Library" Sebastian, when he learned of Mrs. Wayburn's efforts, named the

library the "Wayburn Library." He wrote to "express my hearty thanks to you for the pains that you are taking for my Wayburn library. I thank you personally and in the name of our village people. Our school closed the 31st of March and we have a two-month vacation. Wayburn's arts club, reading room, children's and student's section and social service league all are part of my plan. Success seems to be a reality. Of course we can't start it in a high standard, but we will try to make it the best according to our ability. We will have a formal inauguration of all sections on the eighth of June. I am sure everybody except the Communists will cooperate in my enterprise."

Mrs. Wayburn, who plans to have all books and magazines collected by Tuesday, expressed her appreciation to "the neighbors who assisted in collecting the books and packing them."

## Expresses Thanks

She also expressed her thanks to Sterling Roth, Biglerville, for providing heavy wrapping paper and paste; to Miss Jean Thomas, Big-

Mrs. Richard Wayburn, Aspers R. 1, learned of the need for books and secured the assistance of neighbors and others in obtaining 400 books and nearly 200 National Geographic magazines for the library. The volumes for the "Wayburn Library" will be shipped to Cochín (Kerala) India, where Sebastian will secure them for transportation to his home village.

Among those who donated books were Mr. and Mrs. Lawrence Heltzel, Dr. and Mrs. Roy Gifford, Mrs. Richard Eberhart, Dr. Jacob Heikkinen, Dr. and Mrs. J. C. Donley, Miss Carol Codori, P. S. Akolekar and other members of the Gettysburg College faculty, Donald Lady and Mrs. J. P. Dalby, all of Gettysburg; Chestnut Hill Garden Club, Aspers; Mrs. Margaret Shinham, York Springs; Mrs. Clayton Jester, Mrs. Rose Boyle, Mrs. Donald Horst, Mrs. Clyde Heller, Mrs. P. J. McGlynn and Mrs. Lloyd Kleinfelter, all of Biglerville, Adams County Free Library; Mrs. Singley, Cash-town; Mrs. Marks, Aspers; Mrs. Robert Volland, Heidlersburg; Mrs. Dennis, Gardners, Misses Alice and Anna Black, and Mrs. Black, Flora Dale, L. G. Rohrbach, Dickinson College, Carlisle.

Mrs. John Hartlaub and Mrs. Heltzel donated their cars and time to pick up the books. Those who assisted in packing the books included Mrs. Donald Lady, Mrs. Robert Volland, Mrs. John Hartlaub and Mrs. Ralph Griest.

## WINS HONORS AT SCIENCE FAIR AT PSU

Miss Barbara Bolger, Ninth grader in the Bermudian Springs Joint Schools, was awarded first prize in the Earth Sciences division of the Pennsylvania Physical Science Fair held at Pennsylvania State University last weekend. Ninety-two schools and 499 projects were entered in competition from throughout the state.

For her efforts she received a \$50 savings bond and a blue ribbon. Miss Bolger's project which had previously won first prize at the Capital Science Fair held in Harrisburg April 4-7 was entitled "The Sands of Time." The purpose of the project was to compare sands from different locations in this country by screen analysis and microscopic examination. The nine types of sand used in the project were acquired from different areas of the United States including the west coast.

BARBARA BOLGER

Miss Bolger is the daughter of Mr. and Mrs. Robert C. Bolger, East Berlin R. 1. She is in the York Springs Joint Schools.

From Held Saturday "Moonlight and Roses" was the theme for the Junior High Prom held in the East Berlin Unit on April 30. Wanda Borror, a ninth grader, reigned over the festivities.

The History Club from the York Springs Unit spent three days touring the South, April 29 through May 1. Important places they visited were Williamsburg, Jamestown, Mariner's Museum, Dismal Swamp, Graveyard of the Atlantic and the Lost Colony at Manteo, N. C. The 40 club mem-

bers were accompanied by Clyde Kennedy and Miss Virginia Grimm.

Miss Shirley Davis and Joseph Eshleman were representatives from the Bermudian Springs schools who took the annual mathematics examination at the Shippensburg State College on Friday. The examination was given in conjunction with the science fair held there.

## Foreign Weed Bay Threat To Oysters

NEWPORT NEWS, Va. (AP)—A weed that grows from the bottom of waters and mats at the surface is becoming a menace to oysters in Chesapeake Bay.

The plant, a foreign species of water milfoil, was first noticed in the Potomac River near Washington. Scientists say they don't know how it got into regional waters.

## Grandfather Has Educational Plans

MANVILLE, N. J. (AP) — Joseph Mignella finds it much easier attending college than it was at-tending high school.

He finished high school during the last four years, attending classes in New York City at night and arriving home about 12:30 a.m. His day started again at 5:30 a.m. when he arose to go to work at the U. S. Information Service in New York City.

He still has a tight schedule but feels it's not nearly as bad as the previous one.

Mignella—a 53-year-old grandfather—expects to graduate in seven years with a degree in political science from Rutgers University.

## Business Sentiment Remains Calm Despite Cross Currents

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—Strong cross currents are keeping the stream of business churned up this spring. But business sentiment remains calm if cautious.

The official view in Washington continues to hold that the year as a whole will be a good one. The view in some industries now on the downgrade is that an upturn can come in the fall. Other industries still on the upgrade look for a year topping all others.

Rarely has the bystander had a wider choice of trends on which to base an opinion.

**Chose Gloomier One**  
The stock market has chosen the gloomier one. Prices have fallen from a peak at the start of the year to a sharply lower level today. The drop in stock prices has had an effect on the thinking of many businessmen on short-term prospects. There has been little noticeable effect so far on the total of consumer spending.

The industrial downturn has been largely in those industries that were putting on the most upward speed at the start of the year.

Steel output has slipped from near capacity to around 80 per cent and is expected to go still lower. Iron Age, trade publication, says the rate of new steel orders continues to be disappointing. It looks for the output rate to average around 70 per cent during the summer months, but to be well below that at its lowest point.

**More Autos This Year**  
Auto production in 1960 is well ahead of last year but it has been falling — April seeing the fewest cars turned out in any month this year. But spring sales of new cars have perked up and offer hope of a good year as a whole.

Home building, too, has been

disappointing. This has led to a little relaxing by federal agencies of financing rules. Private builders also look with hope toward the apparent easing of the money market in general. Prospects are for more money available for mortgages, although interest rates on them haven't softened yet.

There are plenty of strong points in the economy.

**Output Expanding**  
The Department of Commerce reports that demand in the chemical, paper and food industries has been high and output is being maintained or is expanding.

The Agriculture Department thinks farm income should perk up a little this year.

Experts have put on a convincing spurt in the early months of the year, helped by large overseas sales of cotton and other farm products held by the government.

Retail sales have had their ups and downs with the weather. But for the year as a whole they're ahead of 1959.

The total of personal income is still rising, if slowly, offering merchants a market to tap—if the price is right and the demand can be stimulated.

Optimists are putting their greatest stress, however, on the long term confidence of businessmen. This has found expression in their announced plans to increase spending for capital goods, such as machinery, and for new or enlarged factories, office and other commercial buildings and utility installations.

Increased orders have been reported for structural steel, machine tools and non-electrical machinery.

The cross currents are many, but calm and caution make good skippers.

INDIANAPOLIS (AP) — Unquestionably the No. 1 fan of the 500-mile Memorial Day auto race, Lawrence Biscaglia arrived Tuesday night at the Indianapolis Motor Speedway gate.

The 62-year-old Long Beach, Calif., mechanic has been first in line for 12 straight years.

He used to spend most of the wait in his auto or truck. Now Speedway officials give him a special badge that lets him roam the grounds.

**Not Included**

The JSGC's Executive Committee didn't include capital punishment among six studies it ordered undertaken last week, the source said. The committee comprises House and Senate leaders and commission chairman Baker Royer.

Sens. Charles R. Weiner (D-Phil.), Democratic floor leader, and James S. Berger (R-Potter), Republican floor leader, said the study should get high priority so that a report can be made to the 1961 Legislature. They are on the 15-member executive committee.

Weiner was among sponsors of a Senate resolution adopted in the last session authorizing a study to determine the effect of capital punishment on society and the advisability of its being abolished in Pennsylvania. A similar resolution passed the House.

## PA. STUDY ON EXECUTIONS LACKS FUNDS

HARRISBURG (AP)—The fate of a proposed study on whether to abolish capital punishment in Pennsylvania is tied to a financial dilemma confronting the Joint State Government Commission.

An authoritative source, who asked not to be identified, said Tuesday the research agency's ruling body is in disagreement on whether to start the study because of a lack of funds.

The economy-minded 1959 Legislature chopped \$160,000 from the \$385,000 set aside for the agency in the last biennium. But the lawmakers proposed 33 studies by the commission. Officials have since found there just isn't enough money to go around.

DETROIT (AP)—Saul R. Levin, 62, former consul for Honduras in Detroit and a specialist in international law, died Monday of a heart attack. He was a brother of U.S. Dist. Judge Theodore Levin of Detroit.

NEW YORK (AP) — Col. Henry Breckenridge, 73, attorney, assistant secretary of war under President Wilson and an intermediary in the Lindbergh kidnapping case, died Monday of a heart attack. As attorney for Col. Charles A. Lindbergh when Lindbergh's baby was kidnapped in 1932, Breckenridge conducted the lengthy and futile ransom negotiations. He was born in Chicago.

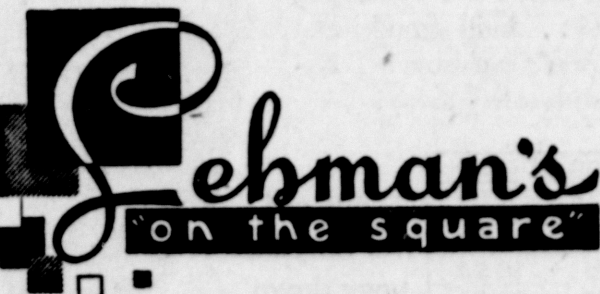

SAN FRANCISCO (AP)—Frazier Anderson Bailey, 79, for years a leading figure in the American shipping industry, died Monday.

punishment for any crime," said Weiner, a Philadelphia lawyer. "I would expect this study will be launched as soon as possible, with public hearings, so that the next Legislature can have facts to go by in deciding what action it will take."

Berger declined to air a personal view on the issue but agreed the commission should make the study.

The issue, in the forefront of debate in Pennsylvania since colonial times, was given new emphasis by the execution Monday of Caryl Chessman in California after a 12-year battle to escape the gas chamber.

## HONEYMOON YACHT READY FOR PRINCESS

By DENNIS NEED  
LONDON (AP) — Princess Margaret's honeymoon yacht steamed majestically up the River Thames early today and anchored in a city with preparations for the royal wedding Friday.

The royal yacht Britannia, gleaming after a refurbishing, waited in the shadow of the grim old Tower of London to take Margaret and Antony Armstrong-Jones aboard for a Caribbean cruise after their wedding.

Into the royal suitcases went three new swimsuits for the princess, all one-piece creations, one of them royal blue with detachable straps.

**Some Luggage Aboard**

Some of the honeymoon luggage already is aboard the Britannia. British society and visitors here for the wedding readied magnificent gowns for the glittering ball

down after a bitter anti-Poulson tirade.

**Lured Dodgers West**

Later, the Soviet leader said the mayor "does not shine by his intelligence."

Poulson said in rebuttal that "there is no statement of principle (in his remarks to Khrushchev) with which any good American citizen can find fault."

Poulson spearheaded a civic group that made a safari to Florida and lured Walter O'Malley and his then Brooklyn Dodgers to the money-green fields of Memorial Coliseum.

Poulson said he plans to live in Los Angeles after his term expires in June 1961. The former Republican congressman said he'll go back to his first love—the life of a certified public accountant.

Beyond the burgeoning limits of Los Angeles, Poulson is perhaps best known for two things: He told off Khrushchev to his face and he played a major role in bringing major league baseball west.

Poulson's after-dinner speaking almost gave the Soviet Union's visiting Khrushchev a severe case of indigestion last fall. Khrushchev took exception to Poulson's reference to the Soviet leader's celebrated "We shall bury you" quote. Khrushchev, his pleasant peasant face redder than the Kremlin flag, threatened to pack up and go home. But he calmed

## Nixon Swamps Kennedy In Indiana Primary Balloting

By THE ASSOCIATED PRESS  
After a day crammed with primaries, Vice President Richard M. Nixon sported the most decisive triumph today—victory over Sen. John F. Kennedy (D-Mass) in Indiana.

But, as votes seeped in from Tuesday's balloting, other presidential candidates counted victories, too.

Sen. Hubert H. Humphrey of Minnesota won his first Democratic primary in the light-voting District of Columbia. As expected, Kennedy won all Ohio's delegates to the Democratic National Convention. Nixon apparently took all

Queen Elizabeth II will give tonight at Buckingham Palace for her younger sister and the ex-photographer she will marry in Westminster Abbey.

The ball will launch a three-day whirl of parties and official functions marking the royal wedding of the decade.

London was in a fever of excitement. Newspapers gave over pages to reports of the wedding preparations.

**Arch Of Roses**

Thousands of troops got ready to move into the city to line the two-mile route from the palace to Westminster Abbey. Great banks of red and yellow tulips blazed in front of the palace and in Parliament Square.

Final daubs of paint were splashed on a towering, 60-foot arch in the Mall, the stately thoroughfare down which the wedding procession will pass to and from the Abbey.

Thursday night the arch will be covered with 60,000 roses, half of them fresh from the English countryside, the rest artificial. They compliment the second name of Princess Margaret Rose.

the Republican delegates in that state.

In two nonpresidential primaries, the results focused on issues as well as personalities.

**Big Popular Vote**

States Rights candidates led Loyalist candidates in Alabama's primary for Democratic presidential electors. In Florida, a States Rights man and a racial moderate won the right to enter the Democratic runoff for governor.

In Indiana, Nixon piled up a huge Republican popular vote, outpolling Kennedy's Democratic vote by a good margin.

The state is traditionally Republican, but Kennedy had campaigned hard and had predicted he would outpoll Nixon.

The two candidates were on separate ballots. Each had what political observers earlier described as minor opposition. But that opposition took heavy chunks from Kennedy's vote.

**359,503 To 268,988**

With returns from 3,665 of the state's 4,281 precincts, Nixon had 359,503 votes and Kennedy had 268,988 votes.

This gave Nixon Indiana's 32 votes on the first ballot at the Republican National Convention and Kennedy its 34 votes on the first ballot at the Democratic convention.

Kennedy's opponents, Lar Daly of Chicago and John H. Latham of Rockville, Ind., polled almost one quarter as many votes as the senator. Daly campaigned in an Uncle Sam suit on an "America First" platform and Latham called for the end of political conventions.

Republican National Chairman Thurston B. Morton called Nixon's vote a "tremendous upset victory." Kennedy supporters, however, said their man had shown he could win the state in the November election.

SOME WRITERS  
FEAR LOSING  
PUBLIC FAVOR

By HAL BOYLE  
PRINCETON, N.J. (AP) — Because of high taxes and a fear of wearing out their welcome with the public, some major novelists now feel it pays to produce a book only every five years.

But author John O'Hara, with one novel now high on the best-seller list, has already completed another—and is planning a third which he feels will be the best of his life.

"I'm working harder than I ever did, and producing more," he said. "I'm 55, and I want to write what's in me."

"I want to get it done, even though financially it's better to put one out every five years. The dough isn't the main consideration with me, and never has been," he said.

An "Earnest Craftsman"

Although he once was one of the greatest literary playboys of his day, he always also was recognized as one of its most earnest craftsmen.

"I've been dry now for nearly seven years," remarked O'Hara, a big fellow who earlier was a two-bottle-a-day athlete. He now fuels his creative efforts with 20 demitasses of coffee daily.

Despite a painful back ailment, he hammers four or five hours nightly at his typewriter. He is philosophical about the pain, which writing helps him forget.

"What the hell—I am 55," he said. "And all things considered, I'm pretty lucky as far as health is concerned. I've never had an operation."

Death Ends Party

Of his heyday as a playboy, O'Hara commented briefly: "The party was over when Bob Benchley died."

O'Hara and his second wife live quietly in a 10-room white brick home on a 2½-acre plot about three miles from the Princeton University campus.

"I like my home, and I like my life now," he said.

O'Hara has probably the finest ear for American diction of any living writer. He trained it from youth in jobs ranging from soda clerk and steel mill laborer to newspaper reporter.

As in his newspaper days, he still likes to write in the late night or early morning hours.

Honest About Goal

"People aren't so likely to call you up and invite you out if you begin work after midnight," he explained.

O'Hara is ruggedly honest about his purpose and his goal.

"My goal is to depict life as straight as I can," he said. "It is to tell the truth. I don't want to change the world. I'd be a fool to try. I'm not going to campaign for good any more than I'm going to campaign for bad. If I set down life as I see it, with complete honesty, more good will come out of it than if I campaigned for anything."

He feels the great dangers to creative writers are "procrastination, special pleading, and going off on a political kick."

At the summit of his power he wants now only time to complete his picture of life as he has known it "before the big, big warning comes."

Orders Man To Face  
Kidnapping Charge

NEW YORK (AP) — A 53-year-old consulting engineer must be returned to Pennsylvania to answer a kidnap charge, says Justice Irving Saypol of the New York Supreme Court.

The justice dismissed a writ of habeas corpus Monday and refused to consider a plea that George E. Dillon was "not mentally competent" to understand the nature of the charge.

Dillon is accused of going to the home of Raymond Scott, in Broomall, Pa., last Oct. 1 and attempting to kidnap Scott's 4-year-old son. He is accused also of forcing a governess, at gun point, to drive around with him in his car, eventually letting her go unharmed.

SCRIBE SAYS  
DOLLAR NEEDS  
"WATCHING"

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—If all foreign holdings of dollar assets were turned into gold at once, our gold reserves would be cut well below the danger point. The American dollar would change from one of the world's soundest currencies into a shaky one.

But the money managers say the chances are slim and the ways to prevent it are available—and some are now being used.

In other words, the dollar may not be the all powerful cock of the walk it was a few years back. But neither is it sickly. It just needs watching more carefully than in the early and lush post-war years.

But, first, let's look at the figures.

U.S. Gold Reserves

U.S. gold reserves are now a bit over 19½ billion dollars.

Against this is that possible foreign drain which now totals more than 16 billion dollars.

It is made up of nearly nine billion dollars of short-term dollar assets held by foreign treasuries and their central banks which, under our law, can readily be turned in for gold. These reserves are six billion dollars more than they held 10 years ago.

There are also seven billion dollars in short-term assets held by private foreign banks and individuals which at least theoretically could be turned into their central banks for conversion into gold here. This amount is four billion dollars more than 10 years ago.

Flow Of Gold Slows

A short time back dollar assets were being turned into gold at a disturbing rate—nearly four billion dollars worth of gold left Ft. Knox that way. Then the flow slowed to a trickle.

The reasons for the big outflow of gold in 1958 and 1959, and the small loss this year are explained today by the First National City Bank of New York in its May bank letter.

"In the 1958 business recession, at a time of a greatly enlarged U.S. balance-of-payments deficit, we saw how cheap money and a huge budgetary deficit could drain gold out of the country. The U.S. gold stock in that year fell by 2½ billion dollars, the largest loss in any calendar year since World War II," the letter says.

Reserve Drain Slows

"As credit was restricted and the federal budget brought closer to balance, the drain on the gold reserve began to ebb. The increase in money rates in our market and a tightened federal spending policy put brakes on the gold outflow."

Their dollar assets became attractive to foreigners because they earned higher returns here and because faith in the dollar was being restored.

"So long as the United States pursues sound monetary and fiscal policies, the dollar can keep its status as the world's leading reserve currency. Dollars invested at short term, or deposited in U.S. banks, will be regarded as equivalent to gold," the letter says.

WASHINGTON (AP) — The United States Chamber of Commerce was told Tuesday that the threat of inflation is "as potent and dangerous as ever."

William A. McDonnell of St. Louis, board chairman of the chamber, urged that businessmen take a more active part in government to do something about it.

Despite "the temporary relaxation of inflationary pressures the threat is still there," McDonnell said in an address prepared for the chamber's 48th annual meeting.

"Even a cold war cannot be won without sacrifices," he said. "We cannot win with shorter hours of work, with long and costly strikes, wage-price spirals, feather-bedding, unbalanced budgets, and fiscal practices which discourage savings and stifle initiative and self-reliance."

MARSEILLE, France (AP) — Omar Haraigue, head of the Algerian rebel organization in south-east France, has now been sentenced to death nine times. The French still have to catch him.

A military court handed down the ninth death sentence against the 33-year-old Algerian Monday after convicting him of helping plant a bomb on the liner President De Cazelet in 1958.

## DEFENDS PLAN FOR "RATING" HOME BUYERS

DETROIT (AP)—"If a Jew belongs to gentle clubs, it's a sign he has been accepted" and he might be able to buy a home in the suburban Grosse Pointes, says Paul Maxon, secretary of the Grosse Pointe Brokers Assn.

Maxon testified Tuesday at a Michigan State Corporations and Securities Commission hearing on a point-system used in rating prospective home buyers in the exclusive Pointes.

The hearing was ordered by State Atty. Gen. Paul L. Adams who said the point system was "morally corrupt." Maxon testified in his defense. A score of 50 is accepted as a standard passing grade. A Jew would require 85 points. Negroes and Orientals are not rated at all.

**Special Ratings**  
Maxon said a perfect score for both Jews and gentiles is 100 points, but added that the points are spread differently for Jews in order to give more emphasis on churches, clubs and business associates.

He said the scoring system was adjusted for Jews because "they represent a special problem."

Maxon said a Jew who Americanized his name would get a better score than one who hadn't. Eminent figures, regardless of nationality or race, might be allowed to move into the Pointes, Maxon said.

**HOLLYWOOD (AP)**—The famous Moulin Rouge nightclub near Sunset and Vine is going straight. Owner Frank Sennes is turning the joint into a legitimate theater.

Why? Inflation, Sennes explained Tuesday.

"An average couple today can't enjoy a night out for less than \$30—and how many millionaires are there?" Sennes said. "The only time I show a profit is when I can book big names like Louis Prima, Keely Smith and Red Skelton—and I can't get them year round."

**CAN'T DROP AGENT**

HARRISBURG (AP)—The Public Utility Commission Tuesday refused to allow the New York Central Railroad to drop the freight agent at its Lock Haven station. The commission said there is enough business at the station to warrant continuation of the service.

Maria, daughter of Mr. and Mrs. James Monroe, was the first daughter of a President married in the White House.

## Reading To Restudy Train Cancellation

HARRISBURG (AP)—The Reading Railroad says that because of concern expressed by affected communities it will give further study to its plan to substitute buses for trains between Reading, Pottsville and Shamokin.

The Public Utility Commission, at the railroad's request, Tuesday postponed indefinitely a public hearing on the proposal scheduled for May 5 in Pottsville.

The commission said there were some 500 protests from the communities and individual passengers.

Reading said elimination of the trains is necessary to overcome operating losses caused by decreased patronage.

## CROSS KEYS FILMS LISTED

Attractions at the Cross Keys Drive-In Theater, near New Oxford, beginning on Friday include the following:

Friday and Saturday "Journey to the Center of the Earth" and "Hound Dog Man." Pat Boone, James Mason, Arlene Dahl and Diane Baker head the cast for the former which depicts a fabulous underground universe where no one has ever gone before. "Hound Dog Man" stars Fabian and Carol Lynley and is set in a rural background. Fabian sings five selections during the picture.

May 8 and 9 "North by Northwest" and "Jack the Ripper."

May 10 and 11 "The 30-Foot Bride of Candy Rock" and "Reform School Girl." Lou Costello, star of "30 Foot Bride," is seen as an amateur scientist who invents Max, a wonder machine which moves people backward and forward in time. "Reform School Girl" is a story of behind the scenes in a reform school.

May 12 "Sink the Bismarck." This is a thrilling story of World War II and the sinking of the German warship, the Bismarck.

In many communities in Israel today public transportation stops from Friday sunset until the first star appears in the Saturday evening sky.

## WOULD LIKE KENNEDY TO WIN HIS RACE

LONDON (AP)—Gov. David L. Lawrence of Pennsylvania said Tuesday night that, as a Roman Catholic, he would like to see Sen. John F. Kennedy win the Democratic nomination for president "to get rid of the old idea" that a Catholic is not a suitable presidential candidate.

Today Lawrence, here on a holiday, said his remark did not constitute an endorsement of Kennedy's candidacy. He said it was only a Catholic's desire that the electorate show that religion is no longer a bar to the nation's highest office.

Lawrence emphasized that his state's delegation to the Democratic convention is strictly neutral in the struggle for the nomination.

**Sees Deadlock**  
"We in Pennsylvania are neutral and nothing that I said should be construed as an endorsement of anyone," the governor declared. "You cannot endorse anyone and still remain neutral."

In the interview Tuesday night Lawrence said the Democratic convention appeared to be heading for a deadlock between Kennedy and Senate Majority Leader Lyndon B. Johnson of Texas, with each possibly going into the convention with 400 votes.

Asked what might happen then, Lawrence said it often depended on who had the most endurance. He recalled the 1920 Democratic convention when, after 103 ballots, "we came out with J. P. Morgan's lawyer."

The lawyer was John W. Davis, and Franklin D. Roosevelt was his vice presidential candidate. Warren G. Harding headed the victorious Republican ticket.

**SUES FOR DIVORCE**

LOS ANGELES (AP)—Actress Bette Davis has sued her husband, actor Gary Merrill, for divorce.

Her attorneys filed the suit Tuesday in Portland, Maine, their legal home. She charged extreme cruelty.

The couple have had many spats since their Mexican marriage in 1950, but each time they were reconciled.

INDIANAPOLIS, Ind.—The Inland Container Corporation today declared a regular quarterly dividend of 25 cents per share on Class A common stock payable June 15 to Class A common shareholders of record at the close of business on May 15.

## Commits Hara-Kiri; Feared Amputation

MIAMI, Fla. (AP)—Alex Wojda, 72, a retired kitchen worker, afraid his leg would be amputated because of an illness, committed hara-kiri Tuesday.

Police said Wojda had been dead only an hour when his landlord found him behind his rooming house. He had disemboweled himself with about 20 slashes of a short-bladed boning knife.

Wojda recently willed all his possessions and money—about \$8,000—to his best friend, Edward Kochanowski of Miami.

"About two weeks ago he came to my house crying. He said he was afraid he had diabetes and would have to have his leg amputated," Kochanowski said.

## MAY LAUNCH NEW BALLOON ON THURSDAY

CAPE CANAVERAL, Fla. (AP)—Silent, but shining bright as a star, a huge balloon communications satellite may wheel across the skies Thursday.

The hollow, 100-foot sphere, called Echo, could pave the way for satellite system to provide faster, more reliable and cheaper communications around the world. A three-stage Thor-Delta rocket is scheduled to blast off at an undisclosed time with the space ball folded in its nose.

If all goes right, the ball will be ejected about 1,000 miles up and automatically inflated.

The balloon will spin about the earth for a month or so as a target for radio signals and voice messages from widely scattered ground stations.

**Exchange Signals**

The main experiment will be an effort to exchange signals and messages between Bell Telephone's Holmdel, N.J., laboratories and NASA's jet propulsion tracking station at Goldstone, Calif.

The fully inflated balloon will weigh about 150 pounds. It contains no instruments. But the third-stage rocket casing, which is expected to follow the ball closely in orbit for several days, carries a transmitter to help locate it.

## Lack Of Moisture Delays Planting

HARRISBURG (AP)—Plowing and planting on Pennsylvania farms has been hampered by a short supply of surface moisture, according to the State Crop Reporting Service.

The Service said Tuesday rainfall last weekend helped vegetable growers but additional moisture can be used by most other crops.

It added: "Blooming of fruit trees in Berks, Lehigh, Erie and other counties will continue for some time. There was a frost report in Adams County on May 2, where

## OLD DEVICE ADOPTED TO PASS MEASURE

By JOHN KOENIG J.

WASHINGTON (AP)—Backers of a 251 million dollar area redevelopment bill resorted to a rarely used procedure today in an effort to get a House vote on their measure.

The attempt followed by a day President Eisenhower's special message urging Congress to pass his own legislative recommendations but hold down on other spending authorizations.

Supporters of aid to depressed areas brushed this aside with a retort that the President appears more concerned with the depressed areas abroad than those at home.

To obtain action they advanced under a parliamentary device known as "calendar Wednesday," a procedure last used a decade ago.

**Committee Vote Tied**  
This was resorted to after the House Rules Committee by a 6-6 tie vote on April 21 refused to place the bill on the House agenda.

Rep. John W. McCormack (Mass.), Democratic floor leader, said the procedure is possibly the last chance for getting the bill passed this year. The calendar Wednesday procedure involves calling on each standing committee alphabetically to bring up any bill before it. The Banking Committee, which approved the measure last May, stands fourth on the alphabetical list.

Rep. Daniel J. Flood (Pa.), long-time advocate of such legislation, said the administration opposes the measure and would be "champing on the bit to destroy the bill even though the Republican platform calls for this kind of legislation."

The administration's own bill would authorize \$7 million dollars, principally in loans. It has been termed "ridiculously small" by backers of a larger fund.

The Senate already has passed a bill authorizing \$394 million dollars.

## Ailing Boy Saves 3-Year-Old Girl

DEERFIELD BEACH, Fla. (AP)—A 10-year-old boy, recuperating from a heart ailment, jumped into a tide-filled canal and rescued a 3-year-old girl Tuesday.

Bobby Elliott, son of Mr. and Mrs. Robert E. Elliott of Cape Elizabeth, Maine, suffered no apparent ill effects. Neither did Joyce Avard, who had fallen off a bridge railing.

The girl's mother, Mrs. Robert Avard, tried to reward the boy with money but he told her, "I couldn't take it. I'm a Boy Scout."

Bobby has been visiting his grandparents, Mr. and Mrs. C. H. Tyler of Deerfield Beach, since January.

## Chicago Police Seeking Negroes For Killing Man

By THE ASSOCIATED PRESS

Chicago police today sought a gang of Negro youths after a white Southern truck driver was stoned and beaten to death.

James Jewell, 30, of Chicago, said his brother, John, 7, of Memphis, Tenn., stopped his truck after a rock was hurled through a window and the Negroes attacked them. John Jewell died in a hospital Tuesday.

In Detroit, five Negro teen-agers were held after a 90-minute shooting spree in which two white men were wounded and two others fired upon. A bullet also was fired through the sleeve of a policeman in the shooting in a racially mixed neighborhood on Detroit's east side Monday night.

"We just wanted to shoot," police quoted one of the Negroes as saying.

In Atlanta, the Rev. Martin Luther King Jr., Negro leader in the current Southwide series of sit-down demonstrations, said the next campaign against segregation may be "in the whole area of voter registration." He declined to give details.

All three restaurants in San Antonio's biggest department store were closed after a white man slapped a Negro demonstrating against segregation.

The white man, Eugene Nolte, owner of another restaurant, and the Negro, the Rev. Earl Graham Jr., were arrested for disturbing the peace and released on \$25 bonds.

Officials of Joske's department store, scene of Negro demonstrations the past two weeks, said the three restaurants would stay closed indefinitely. One, the basement cafeteria, had been integrated but Negroes had boycotted it and sought service in the other two.

Another big department store, the Diamond in Charleston, W.Va., bowed to Negro demands after two years of boycotts and sit-down demonstrations.

"Cooperating with the mayor's commission on human relations, the Diamond is making its eating facilities available to all customers," a statement from the state's largest store said. Other Charleston stores with eating facilities had previously opened service to Negroes.

The New Orleans Parish School Board released the results of a poll showing that 83 per cent of the white parents who replied would rather close schools than integrate them and 94 per cent of Negro parents want them to stay open. More than 15,000 white persons answered the poll and more than 12,000 Negroes.

## SOME WRITERS FEAR LOSING PUBLIC FAVOR

By HAL BOYLE

PRINCETON, N.J. (AP) — Because of high taxes and a fear of wearing out their welcome with the public, some major novelists now feel it pays to produce a book only every five years.

But author John O'Hara, with one novel now high on the best-seller list, has already completed another—and is planning a third which he feels will be the best of his life.

"I'm working harder than I ever did, and producing more," he said. "I'm 55, and I want to write what's in me."

"I want to get it done, even though financially it's better to put one out every five years. The dough isn't the main consideration with me, and never has been," he said.

### An "Earnest Craftsman"

Although he once was one of the greatest literary playboys of his day, he always also was recognized as one of its most earnest craftsmen.

"I've been dry now for nearly seven years," remarked O'Hara, a big fellow who earlier was a two-bottle-a-day athlete. He now fuels his creative efforts with 20 demitasses of coffee daily.

Despite a painful back ailment, he hammers four or five hours nightly at his typewriter. He is philosophical about the pain, which writing helps him forget.

"What the hell—I am 55," he said. "And all things considered, I'm pretty lucky as far as health is concerned. I've never had an operation."

### Death Ends Party

Of his heyday as a playboy, O'Hara commented briefly: "The party was over when Bob Benchley died."

O'Hara and his second wife live quietly in a 10-room white brick home on a 2½-acre plot about three miles from the Princeton University campus.

"I like my home, and I like my life now," he said.

O'Hara has probably the finest ear for American diction of any living writer. He trained it from youth in jobs ranging from soda clerk and steel mill laborer to newspaper reporter.

As in his newspaper days, he still likes to write in the late night or early morning hours.

### Honest About Goal

"People aren't so likely to call you up and invite you out if you begin work after midnight," he explained.

O'Hara is ruggedly honest about his purpose and his goal.

"My goal is to depict life as straight as I can," he said. "It is to tell the truth. I don't want to change the world. I'd be a fool to try. I'm not going to campaign for good any more than I'm going to campaign for bad. If I set down life as I see it, with complete honesty, more good will come out of it than if I campaigned for anything."

He feels the great dangers to creative writers are "procrastination, special pleading, and going off on a political kick."

At the summit of his power he wants now only time to complete his picture of life as he has known it "before the big, big warning comes."

## INFLATION IS STILL THREAT

WASHINGTON (AP) — The United States Chamber of Commerce was told Tuesday that the threat of inflation is "as potent and dangerous as ever."

William A. McDonnell of St. Louis, board chairman of the chamber, urged that businessmen take a more active part in government to do something about it.

Despite "the temporary relaxation of inflationary pressures the threat is still there," McDonnell said in an address prepared for the chamber's 48th annual meeting.

"Even a cold war cannot be won without sacrifices," he said. "We cannot win with shorter hours of work, with long and costly strikes, wage-price spirals, feather-bedding, unbalanced budgets, and fiscal practices which discourage savings and stifle initiative and self-reliance."

## Orders Man To Face Kidnapping Charge

NEW YORK (AP) — A 53-year-old consulting engineer must be returned to Pennsylvania to answer a kidnap charge, says Justice Irving Saypol of the New York Supreme Court.

The justice dismissed a writ of habeas corpus Monday and refused to consider a plea that George E. Dillon was "not mentally competent" to understand the nature of the charge.

Dillon is accused of going to the home of Raymond Scott, in Broomall, Pa., last Oct. 1 and attempting to kidnap Scott's 4-year-old son. He is accused also of forcing a governess, at gun point, to drive around with him in his car, eventually letting her go unharmed.

## SCRIBE SAYS DOLLAR NEEDS "WATCHING"

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—If all foreign holdings of dollar assets were turned into gold at once, our gold reserves would be cut well below the danger point. The American dollar would change from one of the world's soundest currencies into a shaky one.

But the money managers say the chances are slim and the ways to prevent it are available—and some are now being used.

In other words, the dollar may not be the all powerful cock of the walk it was a few years back. But neither is it sickly. It just needs watching more carefully than in the early and lush post-war years.

But, first, let's look at the figures.

### U.S. Gold Reserves

U.S. gold reserves are now a bit over 19½ billion dollars.

Against this is that possible foreign drain which now totals more than 16 billion dollars.

It is made up of nearly nine billion dollars of short-term dollar assets held by foreign treasuries and their central banks which, under our law, can readily be turned in for gold. These reserves are six billion dollars more than they held 10 years ago.

There are also seven billion dollars in short-term assets held by private foreign banks and individuals which at least theoretically could be turned into gold here. This amount is four billion dollars more than 10 years ago.

### Flow Of Gold Slows

A short time back such dollar assets were being turned into gold at a disturbing rate—nearly four billion dollars worth of gold left Ft. Knox that way. Then the flow slowed to a trickle.

The reasons for the big outflow of gold in 1958 and 1959, and the small loss this year are explained today by the First National City Bank of New York in its May bank letter.

"In the 1958 business recession, at a time of a greatly enlarged U.S. balance-of-payments deficit, we saw how cheap money and a huge budgetary deficit could drain gold out of the country. The U.S. gold stock in that year fell by 2½ billion dollars, the largest loss in any calendar year since World War II," the letter says.

### Reserve Drain Slows

"As credit was restricted and the federal budget brought closer to balance, the drain on the gold reserve began to ebb. The increase in money rates in our market and a tightened federal spending policy put brakes on the gold outflow."

Their dollar assets became attractive to foreigners because they earned higher returns here and because faith in the dollar was being restored.

"So long as the United States pursues sound monetary and fiscal policies, the dollar can keep its status as the world's leading reserve currency. Dollars invested at short term, or deposited in U.S. banks, will be regarded as equivalent to gold," the letter says.

MARSEILLE, France (AP) — Omar Haraigue, head of the Algerian rebel organization in south-east France, has now been sentenced to death nine times. The French still have to catch him.

A military court handed down the ninth death sentence against the 33-year-old Algerian Monday after convicting him of helping plant a bomb on the liner President De Cazelet in 1958.

## DEFENDS PLAN FOR "RATING" HOME BUYERS

DETROIT (AP)—"If a Jew belongs to gentle clubs, it's a sign he has been accepted" and he might be able to buy a home in the suburban Grosse Pointes, says Paul Maxon, secretary of the Grosse Pointe Brokers Assn.

Maxon testified Tuesday at a Michigan State Corporations and Securities Commission hearing on a point-system used in rating prospective home buyers in the exclusive Pointes.

The hearing was ordered by State Atty. Gen. Paul L. Adams who said the point system was "morally corrupt." Maxon testified in its defense. A score of 50 is accepted as a standard passing grade. A Jew would require 85 points. Negroes and Orientals are not rated at all.

**Special Ratings**  
Maxon said a perfect score for both Jews and gentiles is 100 points, but added that the points are spread differently for Jews in order to give more emphasis on churches, clubs and business associates.

He said the scoring system was adjusted for Jews because "they represent a special problem."

Maxon said a Jew who Americanized his name would get a better score than one who hadn't. Eminent figures, regardless of nationality or race, might be allowed to move into the Pointes, Maxon said.

**HOLLYWOOD (AP)**—The famous Moulin Rouge nightclub near Sunset and Vine is going straight. Owner Frank Sennes is turning the joint into a legitimate theater.

Why? Inflation, Sennes explained Tuesday.

"An average couple today can't enjoy a night out for less than \$30—and how many millionaires are there?" Sennes said. "The only time I show a profit is when I can book big names like Louis Prima, Keely Smith and Red Skelton—and I can't get them year round."

### CAN'T DROP AGENT

HARRISBURG (AP)—The Public Utility Commission Tuesday refused to allow the New York Central Railroad to drop the freight agent at its Lock Haven station. The commission said there is enough business at the station to warrant continuation of the service.

Maria, daughter of Mr. and Mrs. James Monroe, was the first daughter of a President married in the White House.

## Reading To Restudy Train Cancellation

HARRISBURG (AP)—The Reading Railroad says that because of concern expressed by affected communities it will give further study to its plan to substitute buses for trains between Reading, Pottsville and Shamokin.

The Public Utility Commission, at the railroad's request, Tuesday postponed indefinitely a public hearing on the proposal scheduled for May 5 in Pottsville.

The commission said there were some 500 protests from the communities and individual passengers.

Reading said elimination of the trains is necessary to overcome operating losses caused by decreased patronage.

## CROSS KEYS FILMS LISTED

Attractions at the Cross Keys Drive-In Theater, near New Oxford, beginning on Friday include the following:

Friday and Saturday "Journey to the Center of the Earth" and "Hound Dog Man." Pat Boone, James Mason, Arlene Dahl and Diane Baker head the cast for the former which depicts a fabulous underground universe where no one has ever gone before. "Hound Dog Man" stars Fabian and Carol Lynley and is set in a rural background. Fabian sings five selections during the picture.

May 8 and 9 "North by Northwest" and "Jack the Ripper." Alfred Hitchcock's thriller "North by Northwest" has as its co-stars Cary Grant, Eva Marie Saint and James Mason. Two thousand miles is covered in the plot which takes its stars from New York to South Dakota although the story time lapse is only 24 hours. The second feature will be "Jack the Ripper" with Lee Patterson, Eddie Byrne, Betty McDowell and Ewen Solon. It is the story of the most diabolical murderer ever to baffle Scotland Yard.

May 10 and 11 "The 30-Foot Bride of Candy Rock" and "Reform School Girl." Lou Costello, star of "30 Foot Bride," is seen as an amateur scientist who invents Max, a wonder machine which moves people backward and forward in time. "Reform School Girl" is a story of behind the scenes in a reform school.

May 12 "Sink the Bismarck." This is a thrilling story of World War II and the sinking of the German warship, the Bismarck.

In many communities in Israel today public transportation stops from Friday sunset until the first star appears in the Saturday evening sky.

## WOULD LIKE KENNEDY TO WIN HIS RACE

LONDON (AP)—Gov. David L. Lawrence of Pennsylvania said Tuesday night that, as a Roman Catholic, he would like to see Sen. John F. Kennedy win the Democratic nomination for president "to get rid of the old idea" that a Catholic is not a suitable presidential candidate.

Today Lawrence, here on a holiday, said his remark did not constitute an endorsement of Kennedy's candidacy. He said it was only a Catholic's desire that the electorate show that religion is no longer a bar to the nation's highest office.

Lawrence emphasized that his state's delegation to the Democratic convention is strictly neutral in the struggle for the nomination.

### Sees Deadlock

"We in Pennsylvania are neutral and nothing that I said should be construed as an endorsement of anyone," the governor declared. "You cannot endorse anyone and still remain neutral."

In the interview Tuesday night Lawrence said the Democratic convention appeared to be heading for a deadlock between Kennedy and Senate Majority Leader Lyndon B. Johnson of Texas, with each possibly going into the convention with 400 votes.

Asked what might happen then, Lawrence said it often depended on who had the most endurance. He recalled the 1920 Democratic convention when, after 103 ballots, "we came out with J. P. Morgan's lawyer."

The lawyer was John W. Davis, and Franklin D. Roosevelt was his vice presidential candidate. Warren G. Harding headed the victorious Republican ticket.

### SUES FOR DIVORCE

LOS ANGELES (AP)—Actress Bette Davis has sued her husband, actor Gary Merrill, for divorce.

Her attorneys filed the suit Tuesday in Portland, Maine, their legal home. She charged extreme cruelty.

The couple have had many spats since their Mexican marriage in 1950, but each time they were reconciled.

### DECLARE DIVIDEND

INDIANAPOLIS, Ind.—The Inland Container Corporation today declared a regular quarterly dividend of 25 cents per share on Class A common stock payable June 15 to Class A common shareholders of record at the close of business on May 15.

## Commits Hara-Kiri; Feared Amputation

MIAMI, Fla. (AP)—Alex Wojda, 72, a retired kitchen worker, afraid his leg would be amputated because of an illness, committed hara-kiri Tuesday.

Police said Wojda had been dead only an hour when his landlord found him behind his rooming house. He had disemboweled himself with about 20 slashes of a short-bladed boning knife.

Wojda recently willed all his possessions and money—about \$8,000—to his best friend, Edward Kochanowski of Miami.

"About two weeks ago he came to my house crying. He said he was afraid he had diabetes and would have to have his leg amputated," Kochanowski said.

## MAY LAUNCH NEW BALLOON ON THURSDAY

CAPE CANAVERAL, Fla. (AP)—Silent, but shining bright as a star, a huge balloon communications satellite may wheel across the skies Thursday.

The hollow, 100-foot sphere, called Echo, could pave the way for satellite system to provide faster, more reliable and cheaper communications around the world. A three-stage Thor-Delta rocket is scheduled to blast off at an undisclosed time with the space ball folded in its nose.

If all goes right, the ball will be ejected about 1,000 miles up and automatically inflated.

The balloon will spin about the earth for a month or so as a target for radio signals and voice messages from widely scattered ground stations.

### Exchange Signals

The main experiment will be an effort to exchange signals and messages between Bell Telephone's Holmdel, N.J., laboratories and NASA's jet propulsion tracking station at Goldstone, Calif.

The fully inflated balloon will weigh about 150 pounds. It contains no instruments. But the third-stage rocket casing, which is expected to follow the ball closely in orbit for several days, carries a transmitter to help locate it.

## Lack Of Moisture Delays Planting

HARRISBURG (AP)—Plowing and planting on Pennsylvania farms has been hampered by a short supply of surface moisture, according to the State Crop Reporting Service.

The Service said Tuesday rainfall last weekend helped vegetable growers but additional moisture can be used by most other crops.

It added: "Blooming of fruit trees in Berks, Lehigh, Erie and other counties will continue for some time. There was a frost report in Adams County on May 2, where

## OLD DEVICE ADOPTED TO PASS MEASURE

By JOHN KOENIG J.  
WASHINGTON (AP)—Backers of a 251 million dollar area redevelopment bill resorted to a rarely used procedure today in an effort to get a House vote on their measure.

The attempt followed by a day President Eisenhower's special message urging Congress to pass his own legislative recommendations but hold down on other spending authorizations.

Supporters of aid to depressed areas brushed this aside with a retort that the President appears more concerned with the depressed areas abroad than those at home.

To obtain action they advanced under a parliamentary device known as "calendar Wednesday," a procedure last used a decade ago.

**Committee Vote Tied**  
This was resorted to after the House Rules Committee by a 6-6 tie vote on April 21 refused to place the bill on the House agenda.

Rep. John W. McCormack (Mass.), Democratic floor leader, said the procedure is possibly the last chance for getting the bill passed this year. The calendar Wednesday procedure involves calling on each standing committee alphabetically to bring up any bill before it. The Banking Committee, which approved the measure last May, stands fourth on the alphabetical list.

Rep. Daniel J. Flood (Pa.), long-time advocate of such legislation, said the administration opposes the measure and would be "champing on the bit to destroy the bill even though the Republican platform calls for this kind of legislation."

The administration's own bill would authorize \$7 million dollars, principally in loans. It has been termed "ridiculously small" by backers of a larger fund.

The Senate already has passed a bill authorizing \$389½ million dollars.

## Ailing Boy Saves 3-Year-Old Girl

DEERFIELD BEACH, Fla. (AP)—A 10-year-old boy, recuperating from a heart ailment, jumped into a tide-filled canal and rescued a 3-year-old girl Tuesday.

Bobby Elliott, son of Mr. and Mrs. Robert E. Elliott of Cape Elizabeth, Maine, suffered no apparent ill effects. Neither did Joyce Avard, who had fallen off a bridge railing.

The girl's mother, Mrs. Robert Avard, tried to reward the boy with money but he told her, "I couldn't take it. I'm a Boy Scout."

Bobby has been visiting his grandparents, Mr. and Mrs. C. H. Tyler of Deerfield Beach, since January.

## Chicago Police Seeking Negroes For Killing Man

By THE ASSOCIATED PRESS

Chicago police today sought a gang of Negro youths after a white Southern truck driver was stoned and beaten to death.

James Jewell, 30, of Chicago, said his brother, John, 7, of Memphis, Tenn., stopped his truck after a rock was hurled through a window and the Negroes attacked them. John Jewell died in a hospital Tuesday.

In Detroit, five Negro teen-agers were held after a 90-minute shooting spree in which two white men were wounded and two others fired upon. A bullet also was fired through the sleeve of a policeman in the shooting in a racially mixed neighborhood on Detroit's east side Monday night. "We just wanted to shoot," police quoted one of the Negroes as saying.

In Atlanta, the Rev. Martin Luther King Jr., Negro leader in the current Southwide series of sit-down demonstrations, said the next campaign against segregation may be "in the whole area of voter registration." He declined to give details.

All three restaurants in San Antonio's biggest department store were closed after a white man slapped a Negro demonstrating against segregation.

The white man, Eugene Nolte,

owner of another restaurant, and the Negro, the Rev. Earl Graham Jr., were arrested for disturbing the peace and released on \$25 bonds.

Officials of Joske's department store, scene of Negro demonstrations the past two weeks, said the three restaurants would stay closed indefinitely. One, the basement cafeteria, had been integrated but Negroes had boycotted it and sought service in the other two.

Another big department store, the Diamond in Charleston, W.Va., bowed to Negro demands after two years of boycotts and sit-down demonstrations.

"Cooperating with the mayor's commission on human relations, the Diamond is making its eating facilities available to all customers," a statement from the state's largest store said. Other Charleston stores with eating facilities had previously opened service to Negroes.

The New Orleans Parish School Board released the results of a poll showing that 83 per cent of the white parents who replied would rather close schools than integrate them and 94 per cent of Negro parents want them to stay open. More than 15,000 white persons answered the poll and more than 12,000 Negroes.

## Royal Wedding To Take Place In Setting Of Incomparable Splendor

By COLIN FROST

LONDON (AP)—Princess Margaret will take her wedding vows Friday amid a scene of incomparable splendor, a scene familiar and dear to her heart since childhood.

She marries Antony Armstrong-Jones before the high altar of Westminster Abbey, for more than seven centuries the mother church of British royalty. Margaret has known and loved it all her life.

As a wide-eyed child of 6 she saw her father crowned there.

Was Bridesmaid There

At 17 she was bridesmaid at her elder sister's Abbey wedding. Six years later, perhaps a trifle enviously, she looked on again as her sister was crowned Queen Elizabeth II.

Through the years she has gone to the Abbey for the great services of state, sometimes thanksgiving, sometimes of sorrow.

It was to the Abbey she turned in her own darkest days after the broken romance with Peter Townsend in 1955.

Not Really An Abbey Now

The limousine would draw up discreetly by an entrance hidden in the Abbey cloister. Sometimes alone, sometimes with a trusted lady in waiting, Margaret would slip in by a side door and kneel in prayer amid the carved oak stalls of the abbey's Henry VII chapel.

Now she goes to the Abbey once more, this time in a glass coach and cheered by crowds along a route thick with history.

Strictly speaking, Westminster Abbey is not an abbey any more. The Collegiate Church of St. Peter at Westminster is the correct name.

Built As A Burial Place

It is a "royal and exempt peculiar," which means only that it is not subject to a bishop's authority. Its dean is responsible di-

rectly to the monarch.

Henry III built it as a burial place for English kings. He built well—yet only a few years ago there were fears that it might fall down.

But the British raised a "Save the Abbey" fund. Complete restoration will take until 1975—and then it may be time to start again.

To Blaze With Color

For the wedding day, the gray stone walls will blaze with color, the setting for a display of magnificence as only the British can stage it.

On the arm of Prince Philip, her face veiled, Margaret will march nearly 500 feet from the immense west door to the altar and her waiting bridegroom. The procession will pass through a nave lined with gleaming pillars of sandstone and marble climbing to the awesome roof.

Music And Pageantry

The Abbey, packed with 2,068 guests, will be a cavern of sound. Cathedral music is the glory of England and the Abbey's all-male choir is more than ordinarily gifted.

Trumpeters in golden tunics will greet the bride with a blazing fanfare. Soldiers in crimson and gold uniforms, unchanged from the days of the first Elizabeth, will stand along the aisle.

The tiny bride, a shimmering vision in white, will kneel with her bridegroom before the archbishop of Canterbury in his robes of richest red and gold. They will pray together on the spot where through the centuries kings and queens have knelt to make their coronation vows.

PARIS (AP)—President Charles de Gaulle returned to France today from his 17-day tour of Canada, the United States and French territories in the New World.

## PUBLISHER WINS SILVER SHOVEL

PHOENIX, Ariz. (AP)—A California publisher Tuesday night won the Silver Shovel award for outstanding contributions to newspaper promotion.

The award was presented by the National Newspaper Promotion Assn. to Robert N. Weed, publisher of the San Fernando Valley Times and former promotion director for the Minneapolis Star and Tribune.

Bronze awards were won by Basil Caumissar, promotion director for the Louisville Courier Journal and Times; Bettie Gibson, promotion manager of the Pittsburgh Press; Summer Collins, circulation-promotion director for the Hearst Newspapers in New York; and Arthur Keeney, promotion director of the Evansville (Ind.) Printing Corp.

## CONSECRATE NEW BISHOP OF GREENSBURG

GREENSBURG, Pa. (AP)—Blaring trumpets and pealing church bells today heralded the consecration of the Most Rev. William G. Connare as bishop of the Greensburg Roman Catholic Diocese.

The new spiritual head of 206,000 Catholics was solemnly enthroned at Blessed Sacrament Cathedral in ceremonies tracing back to the kings of ancient Israel.

The 49-year-old religious leader is the second bishop of the 9-year-old see. He succeeds the Most Rev. Hugh L. Lamb, who died last Dec. 8.

Includes Four Counties

The Greensburg Diocese embraces Westmoreland, Fayette, Indiana and Armstrong counties.

Twenty-one archbishops and bishops, three abbots, two scores of monsignors and more than 700 priests participated in the centuries-old ritual.

It was one of the most colorful displays of pageantry in the history of this western Pennsylvania city.

Color bearers of the American and papal flags led the procession of seminarians, priests and monsignors. The seminarians were vested in black cassocks with white surplices.

White And Gold Sandals

They were followed by priests of various religious orders; Benedictine monks of St. Vincent Archabbey in long-black cloaks; brown-clad Franciscans and Capuchins; Dominicans in white habits with black cloaks; black-habited Passionists.

Behind superiors of various religious orders came the papal chamberlains in purple cassocks. Domestic prelates also wore purple cassocks covered to the knees with white lace rochetts.

Bishop Connare's feet were clad in white and gold sandals. He wore a purple choir cassock with a white linen amice about his neck. A purple biretta with purple pompom rested upon his head.

Archbishop Egidio Vagnozzi, apostolic delegate to the United States, was the consecrator. He was assisted by Archbishop John F. Dearden of Detroit and Bishop Designate Richard H. Ackerman of Covington, Ky.

## CHESSMAN'S ASHES AWAIT BURIAL PLACE

SAN RAFAEL, Calif. (AP)—Caryl Chessman's ashes remained at a mortuary here today, the object of a controversy over their disposition.

The convict-author who was executed Monday had directed that his ashes be buried at Glendale's Forest Lawn Memorial Park in Southern California. His mother is buried there.

But a Forest Lawn spokesman, noting that Chessman was "unrepentant and an avowed agnostic," said Tuesday night the ashes would be refused. He said they would "detract from the spiritual values of Forest Lawn."

May Ask Court Order

One of Chessman's attorneys, L. A. Winn, said in Los Angeles he would recommend to Rosalie Asher, executrix of the convict's estate and also his lawyer, that a court order be requested requiring Forest Lawn to accept the remains.

Miss Asher went into seclusion after failure of her last frantic efforts to obtain a stay of execution. She was not present at the cremation at Tamalpais Cemetery. There was no religious service.

George T. Davis, another of the convict's attorneys, said the execution of the death row author, who was convicted as the Los Angeles red light bandit 12 years ago, was "a regrettable mistake."

## WOULD CURB LABOR UNIONS

WASHINGTON (AP)—Sen. Barry Goldwater (R-Ariz.) today proposed that Congress curb the political power of labor unions by permitting only individuals to make political contributions.

The use of union members' dues to support candidates picked by labor leaders "seriously compromises American freedom," Goldwater said in a speech prepared for the United States Chamber of Commerce.

The Corrupt Practices Act forbids such activity in theory, the senator said, but the unions have circumvented it by setting up educational affiliates to handle the money while "Congress and the courts have looked the other way."

"The only remedy, it appears, is new legislation," the Republican told delegates to the chamber's 48th annual meeting.

Another speaker on the program—an entire morning devoted to "Union Power in a Free Society"—said the Landrum-Griffin law passed last year has not accomplished any correction of abuses in the labor movement.

Sylvester J. Petro, law professor at New York University, said the legislation has "merely increased the federal bureaucracy and created even more special privileges."

## Officers Chosen By State K. Of C.

PITTSBURGH (AP)—Warren F. O'Donnell of Lancaster is the new state deputy of the Pennsylvania State Council of the Knights of Columbus.

Elected Tuesday, O'Donnell succeeds John Cooney of Port Carbon.

Other officers: James J. Fitzgerald, Philadelphia, secretary; William J. Garrison, Pittsburgh, treasurer; Frank J. O'Toole, Shenandoah, advocate; and Francis J. Fitzgerald, Scranton, warden.

Philadelphia was selected as next year's convention site.

## Cheryl Crane Is In Court Today

LOS ANGELES (AP)—Juvenile court decides today what to do with Lana Turner's troubled 16-year-old daughter.

Cheryl Crane, who two years ago fatally stabbed her actress mother's hoodlum lover, ran away from a county home for girls last Friday. She and two others surrendered Monday to Cheryl's father, Steven Crane. They said they had stayed at the home of a friend.

## USE FISH TO EXPERIMENT IN POLLUTION

HARRISBURG (AP)—The State Health Department said today it is using fish in experiments to determine details of water pollution.

"These natural inhabitants of water make excellent animals for testing the presence of toxic pollutants in water," said Dr. Charles S. Myers, the department's research chemist.

"They are especially useful for testing dilutions too low to be detected by known chemical methods," he added.

Determine Most Causes

Myers said samples of suspected polluted waters are expressed to Harrisburg and about five fish, usually trout or blue gills, are placed in each tank.

Department technicians then watch the reactions to the sample to determine if it will kill the fish and, if so, how soon.

Dr. D. Paul Rogers, chief of laboratory services, said an estimated 20 to 30 fish are killed each week by the tests. But, he said, the information would be used to stop pollutions which could cause widespread fish kills.

The department reported it was able to determine the cause of 70 out of 96 reported stream pollutions in 1959.

ASUNCION, Paraguay (AP)—A government source says the armed forces have routed all invaders from Paraguayan territory. The source said the government has completed its mopping up operations and is convinced all rebels who invaded Paraguay from Argentina last Friday have been killed or chased over the border.

MANILA (AP)—The commander of a U.S. Navy antisubmarine force Tuesday said there is good reason to believe that a number of Soviet subs are equipped with nuclear weapons.

Rear Adm. J. D. Black, commander of the Navy's 17th Carrier Division, said the Soviets now have 450 submarines.

## KENNEDY AND HUMPHREY TO DEBATE ON AIR

CHARLESTON, W. Va. (AP)—Sen. John F. Kennedy (D-Mass.) and Sen. Hubert H. Humphrey (D-Minn.), aggressive young hopefuls for the Democratic presidential nomination, meet face to face tonight in a free-for-all debate of the issues.

At least, that's the way it is billed. The two have agreed to answer any and all questions put to them by a neutral moderator.

The hour-long program at 7:30-8:30 p.m. Eastern Standard Time, will be carried over a five-city state television hookup, by Westinghouse Broadcasting stations KDKA-TV Pittsburgh, KWTW-TV Cleveland, KPIX-TV San Francisco, WJZ-TV Boston, and WNEW-TV in New York City.

Additionally, it will be broadcast by the Mutual Broadcasting System and the New York Times radio network.

The schedule calls for a five-minute preliminary statement by each candidate. The order in which they speak will be decided by the flip of a coin. Then the moderator, news director Bill Ames of WCHS-TV, Charleston, where the program originates, will ask each of them in turn a question submitted through the mail by West Virginians.

If the question should be directed to Kennedy, Humphrey has a rebuttal after Kennedy gives his answer. But he must keep it within two minutes.

IKE HITS AT U. S. CRITICS

WASHINGTON (AP)—They are mistaken—or worse—President Eisenhower says about critics who contend America has become "soft" and couldn't defend itself in a nuclear war.

The President hit at the critics in an informal talk Tuesday at Ft. Benning, Ga. He spoke out after witnessing a spectacular demonstration of atomic weapons to back up foot soldiers. They included the new Davey Crockett short range gun designed for quick use at any trouble spot.

Eisenhower, who spent seven hours at the big infantry training center and then flew back to Washington Tuesday night, also saw many of the latest weapons fired—with conventional rather than nuclear warheads—under simulated battle conditions.

Recommended tonight: Perry Como Show, NBC, 9-10—with Steve McQueen and Kay Starr as guests; "The Girl in the Gold Bathub," CBS, 10-11—comedy with Marisa Pavan, Johnny Carson and Jessie Royce Landis.

All times Eastern Daylight.

## M'QUEEN WILL MAKE SINGING DEBUT ON TV

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP)—A tired, hungry, homesick man is making his singing debut on network television tonight. His name is Steve McQueen, and he has never before vocalized outside his shower.

The occasion is the Perry Como show on NBC and McQueen's work schedule was so tight he attended his first rehearsal after going more than 24 hours without sleep.

McQueen plays Josh Randall, the bounty hunter on CBS' "Wanted—Dead or Alive," one of the popular western series. Unlike some TV stars, whose work ceased when the film writers' strike brought on a shortage of scripts, McQueen found a chance to take on a motion picture role.

For the past couple of months McQueen has been on location in Mexico working long hours. He finished the film one day and reported for work in New York the next—with no sleep between.

"I'm An Actor"

Why does a successful young TV star take on such a back-breaking schedule?

"Well," drawled McQueen, "I just want people to know I can do something besides play Josh Randall. I'm an actor, you know, and I am interested in doing all sorts of things to increase my skills."

Recommended tonight: Perry Como Show, NBC, 9-10—with Steve McQueen and Kay Starr as guests; "The Girl in the Gold Bathub," CBS, 10-11—comedy with Marisa Pavan, Johnny Carson and Jessie Royce Landis.

By GORDON TAIT

SYDNEY, Australia (AP)—University students bombarded the U.S. atomic submarine Halibut with firecrackers Tuesday night and held two American sailors in a dog house for ransom.

The Halibut is here with the annual anniversary observance of the Battle of the Coral Sea. Two years ago students boarded the U.S. carrier Bennington, here on the same mission, and brought the crew to action stations by setting off the general alarm.

Tuesday night the youth rigged a catapult of bicycle tubes overlooking the Halibut's berth and started to bombard at long range with five-cent firecrackers.

Shots Fall Short

All the shots fell short, nobody was hurt, and the students fled with local police in pursuit.

Then a telegram arrived at the Canberra demanding one shilling (11 cents) from each of the 82 officers and 1,350 enlisted men aboard to ransom two kidnapped American sailors, Dick Jamieson of Michigan and Rex Leard from Texas.

(University students are collecting money today to help finance the Australian Olympic team's trip to Rome.)

Girls Lure Sailors

Two good-looking girls had "accidentally" met Jamieson and Leard in the city and invited them to look over the university. On the campus male students pounced on the sailors, locked them in an outside dog kennel in the veterinary school and called in newspaper photographers.

After sending the telegram to the cruiser, the kidnapers took their captives off to a party.

Leard and Jamieson were back on the Canberra before their leave passes expired at 11 p.m. The cruiser's duty officer refused to say if the ransom had been paid. He would not give the home towns of the two sailors.

Actor's Marriage Ends In Divorce

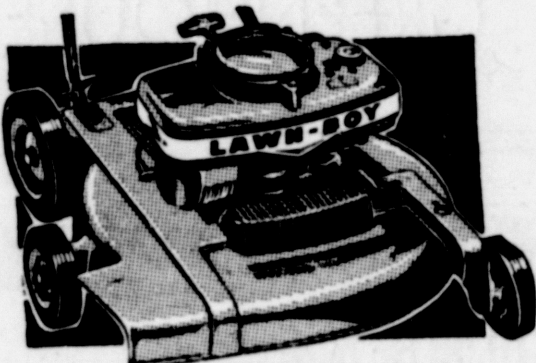

HOLLYWOOD (AP)—Actor Cameron Mitchell's marriage of nearly 20 years has ended in divorce.

Mrs. Johanna Mitchell, 43, was granted a divorce Tuesday after testifying:

"After I was granted a separate maintenance decree Feb. 13, 1959, Mr. Mitchell and a lady began living right across the street in plain view of the neighbors and our children."

## Littlestown FASHION SHOW AT HIGH SCHOOL ON THURSDAY

The Home Economics Department of the Littlestown High School will present the annual fashion show on Thursday at 7:30 p.m. in the high school cafeteria. Immediately following the show, the Future Homemakers of America have arranged a mother-daughter tea. There will be a tribute to mothers and other honors for mothers. Eight junior homemaking degrees will be awarded. Mrs. Virginia Sheely is the home ec instructor.

There will be fly-up ceremonies for the Brownies of Troop 61 on Thursday in St. Aloysius Hall, 7:30 p.m. Parents and friends of the Brownies are invited to attend. Mrs. George Schaefer and Mrs. Carroll E. Arter are the leaders of Troop 61.

The Littlestown Little League directors will meet Thursday after the Lions Club session, about 7:45 p.m., at St. John's Lutheran Church.

Prayer meeting will be held in the Assembly of God Church, along the Fish and Game Rd., at
